

**WEATHER FORECAST**  
Generally fair tonight and Wednesday; rising temperature tonight.

## DRIVE

**Being Made by Germans at French Forces on the Western Front**

**INTEREST CENTERS IN THIS MOVEMENT**

**French Claim These Are Unimportant Local Actions**

**MORE FATAL AIR RAIDS**

**Made By Austrian Craft After Their Visit To Milan—Fighting In East Africa Between German And Belgian Troops, Has Resulted In Heavy Losses To Both Contestants.**

(ASSOCIATED PRESS TELEGRAM)  
London, Feb. 15.—Interest in active operations in the European war continues to center in the fighting along the western front where the Germans have recently been driving heavily at the French lines in several sectors notably in the Ardennes and the Champagne, with success at various points in these regions. It is announced semi-officially in Paris that despite the seeming inactivity, the German attacks in question are in reality only local actions without gains of significance. It is declared that the French could easily undertake similar actions but are refraining from doing so because the results are not worth the price that has to be paid.

German news sources report great damage to the French fortress of Belfort in the recent shelling by long range German guns.

Following their visit yesterday to Milan, Austrian aircraft have raided Monza, ten miles to the northeast, one person being killed and five injured by bombs being dropped. Airmen who appeared over Brescia were driven off by anti-aircraft guns.

Heavy fighting in German east Africa between German forces and Belgian troops who are invading the colony is reported. Both sides have suffered heavy losses and the results so far seem inconclusive.

## SHAKEUP

**OF CLEVELAND'S POLICE FORCE GREATEST IN HISTORY OF THE CITY.**

**Mayor Davis Determined More Effectively to Round Up Criminals and Put On Lid.**

(ASSOCIATED PRESS TELEGRAM)  
Cleveland, Feb. 15.—Cleveland's greatest police shakeup was in effect today. As a result of Mayor Davis' determination to more effectively to round up murderers and other criminals and put the lid on vice and gambling, a new vice squad began its work today in connection with a reorganized detective department. The vice squad will consist of twenty plain clothes men with Sergeants Lyman S. Van Orman and Martin Lavelle in charge. They will have considerable authority, independent of Police Chief W. S. Rowe, and will direct all vice and gambling raids. Newly appointed Detective Chief Gideon Rabshaw, with entire control of the detective bureau, independent of Chief Rowe, took the reins in his department today and created 13 new detectives, sending 11 former members of the squad back to plain clothes. He will have 33 men under his orders.

**HEAVY QUAKE IS REPORTED BY THE SEISMOGRAPHS**

(ASSOCIATED PRESS TELEGRAM)  
Washington, Feb. 15.—A very severe earthquake was recorded this morning on the seismograph of Georgetown University here. It lasted more than an hour. The heaviest shocks took place between 7:01 and 7:03 o'clock. It was approximately between 4,500 and 4,600 miles from Washington. The record of the disturbance shows it began at 6:51 o'clock and continued until after 8 a. m., the direction of the movement was east and west. Director Tondorf of the observatory said the record indicated a very heavy earthquake which it is thought will soon be heard from.

**PACKET BURNS TO WATER'S EDGE ON THE OHIO RIVER**

(ASSOCIATED PRESS TELEGRAM)  
Cincinnati, O., Feb. 15.—The gasoline freight and passenger packet ship Maggie B. was set on fire and burned to the water's edge at Athens, near here last night following an explosion. Captain B. F. Rickett, owner of the craft, escaped as did the crew. There were no passengers on board at the time.

## Plot to Assassinate Many Church Dignitaries and Fire Property, Suspected

(ASSOCIATED PRESS TELEGRAM)  
Chicago, Feb. 15.—Search was started today for the principals in what is believed by the police to have been a plot to destroy buildings and kill members of the clergy, bankers, and others in a dozen cities in various sections of the country. Discovery of the alleged plot, according to the police, resulted from examination of the personal effects of John Allegrini, confidant of Jean Crones, who is charged by the authorities with putting poison in soup at the banquet given Archbishop George W. Mundelein at the University club Thursday night and causing the illness of 100 of the guests.

## REPUBLICANS OF NEW YORK ARE TO MEET

**FOR SELECTION OF DELEGATES TO NATIONAL CONVENTION IN CHICAGO.**

**Whitman Expects to Get Indorsement and Lead Delegation from the Empire State.**

(ASSOCIATED PRESS TELEGRAM)  
New York, Feb. 15.—The important question in the minds of delegates to the Republican state convention assembled here today for the opening of the convention tonight, was whether Gov. Charles S. Whitman would head the delegation from New York state to the Republican national convention.

That the governor would be designated as one of the four delegates at-large, was conceded by the party leaders.

The governor has announced that he expects to lead the New York delegation to the national convention, but in advance of the opening of the state convention there was said to be a difference of opinion among the leaders as to whether he would be accorded that honor. It was pointed out that the state convention under the new primary laws can only designate ten delegates at large for submission to the voters at the primaries on April 4, and that the chairman of the delegation may not actually be selected until the whole New York delegations meet in Chicago on the eve of the national convention.

The choice of United States Senator James W. Wadsworth, Jr., as one of the "big four" was conceded. The two other places lay among Frederick C. Tanner, of this city, Chairman of the Republican state committee; Wm. Berri, of Brooklyn; and Dr. David Jayne Hill, of Rochester, former ambassador to Germany.

Gov. Whitman looks to the convention to endorse his administration and delegates predicted today that some kind of an endorsement would be given.

The convention was called to meet in Carnegie Hall at 8 o'clock tonight. Mr. Root will call the convention to order as temporary chairman and deliver a speech outlining issues of the coming national campaign.

After choosing its committees, the convention is expected to adjourn until tomorrow morning when Senator Wadsworth will be elected permanent chairman.

**RADICAL ALTERATIONS MADE IN ADMINISTRATION'S BANKING BILL BY COMMITTEE.**

**Provision Giving Land Banks Authority to Establish Savings Department Struck Out.**

(ASSOCIATED PRESS TELEGRAM)  
Washington, Feb. 15.—The administration's bill to establish a system of land banks, drafted by a joint congressional committee, was favorably reported today to the senate but with radical alterations by the banking and currency committee.

The joint proposal for a board of five commissioners to control the system, was discarded by the committee in favor of control by a treasury department bureau, to be known as the federal farm loan bureau, under the general supervision of a federal farm loan board, the latter consisting of the secretary of the treasury and four presidential appointees.

New provisions would authorize the investment of postal savings funds in farm loan bonds and would permit the treasury department to keep up to \$5,000,000 on deposit with the land banks. The committee struck out a clause giving the

land banks authority to establish savings department. The general outlines of the joint proposals, which would authorize the establishment of twelve sectional land banks were retained.

## SAILORS' WORK SAVED DAMAGES TO BATTLESHIP

(ASSOCIATED PRESS TELEGRAM)  
Philadelphia, Feb. 15.—Quick work by sailors on the battleship North Dakota at the Philadelphia navy yard saved the ship from serious damage by fire last night. They jumped from their bunks at the sound of the firm alarm and extinguished a slight blaze in the engine-room in about three minutes. The fire was started by the blowing out of a fuse in a dynamo. Oil caught fire and ignited the woodwork.

## HARMON URGED TO PRESIDENT FOR PORTFOLIO

**NEWTON D. BAKER FORMER MAYOR OF CLEVELAND ALSO IS CONSIDERED.**

**No Successor to Garrison Yet Named but Wilson Favors a Middle Western Man.**

(ASSOCIATED PRESS TELEGRAM)  
Washington, Feb. 15.—President Wilson today went over a list of names of several prominent middle-western lawyers in his search for a new secretary of war. Urgent endorsements for the appointment of Judson Harmon, former governor of Ohio, were among them, coming from some of the president's close friends. Some of Mr. Harmon's friends, however, seemed doubtful that he would abandon his law practice to take the portfolio. It was said at the White House today that the president had reached no decision, but was inclined to appoint a middle-western man if he could find one.

Newton D. Baker, former mayor of Cleveland, was understood to be among the men being considered. The cabinet had a short meeting today but the vacancy was not discussed. Cabinet members said that up to the present time the president has not asked their advice. Several members told the president they had reports from their home states that sentiment in favor of adequate national defense was growing.

**HARBOR BILL IS TAKEN UP TODAY; READY TO REPORT**

(ASSOCIATED PRESS TELEGRAM)  
Washington, Feb. 15.—The annual river and harbor bill, carrying in the aggregate an appropriation of \$40,000,000 for continuance of work and maintenance of existing projects, was taken up in committee today for report to the house.

The bill has been completed for final decision in the \$700,000 appropriation sought for the East river channel in New York harbor.

**EX-GOV. CAMPBELL NAMED BY WILLIS TO OLD POSITION**

(ASSOCIATED PRESS TELEGRAM)  
Columbus, O., Feb. 15.—Governor Willis today announced the following appointments: Assistant Adjutant General Edward S. Bryant, of Wood county, member of the state army board to succeed himself, for a term of three years.

Dr. C. E. Sawyer, of Marion, member of state medical board to succeed Dr. T. A. McCann of Dayton, term of five years.

## WAGE SCALE

**Formulated at Conference Between Miners and Operators**

**IS REFERRED TO SUB-COMMITTEE**

**Operators Refuse Flatly One Demand Made**

**PROSPECTS SEEM BRIGHT**

**For A Final Agreement But The Settlement May Not Come Until After The Anthracite Conference In New York Next Week—Five Days Of Discussion.**

(ASSOCIATED PRESS TELEGRAM)  
Mobile, Ala., Feb. 15.—The eleven demands the bituminous coal miners from Western Pennsylvania, Ohio, Indiana, and Illinois hope to have drafted into a new wage scale to take the place of the one that expires March 31, were today referred to a sub-committee by the joint conference of the operators and miners of the central competitive fields.

Prior to submitting the whole matter to the smaller committee the operators formally voted down the second demand of the miners which calls for an increase in wages of ten per cent per ton.

The sub-committee consists of nineteen, the miners and two operators from each of four states involved with president John White, vice President Frank J. Hays, and Secretary William Green, of the United Mine Workers Union, as ex-officio members. The sub-committee will sit continuously. The joint conference was adjourned subject to the call of the sub-committee.

The delegates have for five days discussed conditions and both sides today were ready to submit the whole matter to a reduced committee. Prospects are still good that an agreement will finally be reached, but the settlement may not be brought about until after the anthracite conference in New York next week.

The two principal demands over which the conference has spent the most time are those calling for the payment of wages on the mine run basis and an increasing the compensation of miners ten per cent a ton. With an agreement on these, it is believed here, there would be no difficulty in adjusting the other nine demands.

## TWENTY-ONE KILLED IN A COPPER MINE

(ASSOCIATED PRESS TELEGRAM)  
Butte, Mont., Feb. 15.—Twenty-one men probably have perished, according to the rescue workers at the Pennsylvania mine of the Anaconda Copper Mining company in a fire which broke out in one of the levels while 220 miners were at work last night. Nine bodies had been raised from the mine before noon and 12 were unaccounted for.

The fire at the 1200-foot level of the shaft was still burning at noon but was under control.

**CORNING MINE BURNING.**

(ASSOCIATED PRESS TELEGRAM)  
Corning, Feb. 15.—The Corning Mining Co.'s mine, employing 150 men and the only mine in this vicinity that has been operated for the past 18 months, is burning and it is feared that great damage will be done before the fire can be controlled.

The fire was discovered Monday morning when the day shift started to work. It originated about 1000 feet from the entrance and is supposed to have been caused by crossed electric wires which ignited a "gob" pile.

The blaze spread rapidly and was soon beyond control. Mine Superintendent Charles Creest and Deputy Mine Inspector William Millgate were overcome by gas fumes while fighting the fire. The state mine rescue car in charge of Deputy Inspector James Pritchard arrived here tonight.

**HOUSE PAINTERS AND DECORATORS IN CONVENTION**

Cincinnati, O., Feb. 15.—About 1,000 delegates from all over the United States and from many sections of Canada, were in attendance when the thirty-second annual convention of the International Association of Master House Painters and Decorators of the United States and Canada was opened here today for a four day session. The convention was called to order by M. McKenzie of Hamilton, Canada, president of the association.

## LIFE OF CHICAGO PRELATE AND GUESTS ENDANGERED WHEN CHEF POISONS SOUP

Archbishop Mundelein, photographed in Chicago on day of poisoning.

A nation-wide search is in progress for Jean Crones, alleged anarchist who is believed to have attempted the life of Archbishop George W. Mundelein and 200 of his distinguished guests at a banquet in Chicago. Poison was put in the soup and scores of the guests were made dangerously ill. Crones was assistant chef at the banquet and disappeared immediately after the poisoning.

## KING'S SPEECH WILL BE READ IN PARLIAMENT

**FEW CONTROVERSIAL QUESTIONS WILL OCCUPY ATTENTION OF SIXTH SESSION.**

**Air Defense, Blockade, and Merchant Tonnage and Economy Will be Discussed.**

(ASSOCIATED PRESS TELEGRAM)  
London, Feb. 15.—The sixth session of the present parliament will be opened at 2 o'clock this afternoon by a royal commission. The five commissioners, Baron Buckmaster of Cheddington, Lord High Chancellor, the Duke of Devonshire, Lord Farquhar and Lord Sandhurst will attend in the house of lords and the members of the house of commons having been summoned to attend the house of peers, the lord chancellor will read the king's speech which was finally approved at a meeting of the privy council this morning.

Both chambers, after the reading of the speech, will adjourn until 4 o'clock when the debate on the address will begin.

Though the contents of the royal speech will not be made known until it is read in the house of lords, it is understood it will deal solely with the means of prosecuting the war to a victorious issue.

No parliamentary session for many decades will have been opened with such complete absence of controversial questions to occupy its attention. Important topics will be discussed during the debate on the address which may possibly continue into next week. These topics include air defense, the blockade, merchant tonnage and national economy questions.

Premier Asquith in a speech he is to deliver today reviewing the war situation is expected to touch on all these subjects.

King George's speech from the throne follows: "My Lords and Gentlemen:—It has been my duty to summon you after a short recess to renew your deliberations. The spirit of my allies and my people, which are united in this conflict by ever-strengthening ties of sympathy and understanding remains steadfast in the resolve to secure reparation for the victims of unprovoked and unjustifiable outrages and effectual safeguard for all nations against the aggression of a power which mistakes force for right and expediency for honor."

"With a proud and grateful confidence I look to the courage and tenacity of my navy and army upon whom we depend so worthily."

Premier Asquith delivered an address in the house of commons today on the progress of the war. He said that in the last few weeks there had been a recrudescence of activity on both sides in France, and that the allies had held their own well. A general conference of the allies in Paris to consider all political and strategic aspects of the war is to be held. Announcement to this effect was made in the house of commons today.

fact was made in the house of commons today by Premier Asquith.

Mr. Asquith said a large vote of credit would be asked for next week. The premier stated that the situation of the British forces in Mesopotamia, which has been a source of concern to the English public had improved materially and that General Townsend whose army is surrounded by the Turks at Kut-el-Amara was holding his own.

The premier thought there was every ground for hoping the forces of General Townsend and General Aimer, commander of the relief expedition might unite and that anything in the nature of a serious British check might be averted.

## RUSSIA REPORTS FAILURE OF ALL GERMAN ATTACKS

(ASSOCIATED PRESS TELEGRAM)  
Petrograd, Feb. 15.—(Via London) An official statement issued today reports the failure of all German attacks along the Riga front, where the Russians are declared to be retreating all their positions. The statement also asserts that there have been serious outbreaks among the German troops near Vilna, in one of which a lieutenant was killed and numerous officers and soldiers afterwards court-martialed.

**APPOINTMENTS MADE FROM CIVIL SERVICE.**

(ASSOCIATED PRESS TELEGRAM)  
Columbus, Feb. 15.—Superintendent Frank Taggart of the state insurance department today made these appointments from civil service lists: Harry M. Moore, Columbus, examiner salary \$1800; to succeed C. J. Harold, Wooster.

Paul Bainter, Dresden, examiner, \$1200; M. L. VanMeter, Columbus Grove, and Henry R. Endly, Mansfield, assistant examiners, \$1200.

## SHORTAGE OF NATURAL GAS IN CLEVELAND TO BE INVESTIGATED BY UTILITIES COMMISSION.

**Not Sufficient Notice to Force at Gas Fields During Cold Weather Expert Says.**

(ASSOCIATED PRESS TELEGRAM)  
Cleveland, Feb. 15.—City officials today were arranging for the coming tomorrow of C. V. Critchfield, gas expert for the state utilities commission, who is to complete an investigation of the recent natural gas shortage here. Critchfield reported unofficially yesterday, following a visit to the gas fields in West Virginia, that the East Ohio Gas company is handicapped in severely cold weather because the supplying wells are too few in number. He says more wells should be drilled. He also says that the pressure at the wells has decreased to the point where it is necessary to "rest" the wells for periods of days at a time to allow the pressure to increase. When cold weather comes sufficient warning is not given the force in charge at the gas fields and they are unable to connect sufficient of these "resting" wells to the mains in time to avoid a slump in pressure, Critchfield says.

Mr. Robinson reported that 38 states are now included in the society's loan department and that loans were made last year to 394 persons bringing the total number of loans made up to 3,714.

**UNITED EXCHANGE INCORPORATED BY NEWARK INVESTORS.**

Columbus, O., Feb. 15.—United Exchange company, Newark, \$25,000; R. B. Priest, H. L. Ranforth, J. J. Bervon, Newark.

Messrs. Ralph B. Priest and H. L. Ranforth were seen today and refused to make any comment upon the nature of the incorporation of the company, saying they were not about the matter, saying that couple of weeks they would publish its details.

## BRANDEIS

**Attacked by President of United Shoe Machinery Company of Boston**

**CHARGE OF UNPROFESSIONAL CONDUCT**

**In Misuse Of Information Gained About Company**

**SYSTEM HE HELPED MAKE**

**Was Afterward Attacked By Him As Illegal And Criminal, After His Association With It Closed—New Haven President Says He Knows Nothing About Brandeis.**

(ASSOCIATED PRESS TELEGRAM)  
Washington, Feb. 15.—Charles S. Mellen, former president of the New Haven railroad, today notified the senate sub-committee investigating the nomination of Louis D. Brandeis of Boston, for the supreme court bench, and that he "had no facts to substantiate the charge by C. W. Barron of Boston, that Mr. Brandeis had helped wreck the New Haven road."

When the hearing on the nomination was resumed today Senator Walsh read this telegram from Mr. Mellen:

"I have no information of any character that would be of any value to the sub-committee on Brandeis' nomination. I have no papers that have any bearing on the case. Under these circumstances may I not be excused from attending?"

Senator Walsh said that in the absence of Chairman Chilton he wired Mr. Mellen:

"Mr. Barron testifying before judiciary committee Thursday asserted you could testify to facts establishing the charge that Brandeis was employed to wreck the New Haven road. Having in mind your telegram of today please wire whether you can give committee any information that will shed light, truth or falsity of the charge."

To that Senator Walsh received another message from Mr. Mellen (Continued on Page 2, Col. 4.)

## PROTEST

**MADE TO STATE DEPARTMENT OF TREATMENT ACCORDED HIM IN ENGLAND.**

**Ohio Man Says He and His Wife Were Arrested in January as Spies.**

(ASSOCIATED PRESS TELEGRAM)  
Canton, O., Feb. 15.—Emphatic protest has been made to the state department at Washington by Max Birzer, 230 Cherry avenue, this city, against treatment accorded him at Falmouth, Eng., Jan. 16, 1916. Birzer says his wife, son and himself were arrested as spies and their American citizenship papers confiscated by British officers. Birzer is of the opinion that English officials are waging a systematic campaign to get possession of naturalization papers of Americans for use in sending spies to Germany. Birzer had visited in Germany and sailed aboard the liner Rotterdam for home. At Falmouth he was held two days by British officers who stripped and searched him, seized his effects and blew cigarette smoke in his face, he says. After two days he was allowed to proceed but his citizenship papers were not restored. Birzer is brew-master at the Stark-Tuscarawas Brewing Co. here.

**APPOINTMENTS MADE FROM CIVIL SERVICE.**

(ASSOCIATED PRESS TELEGRAM)  
Columbus, Feb. 15.—Superintendent Frank Taggart of the state insurance department today made these appointments from civil service lists: Harry M. Moore, Columbus, examiner salary \$1800; to succeed C. J. Harold, Wooster.

Paul Bainter, Dresden, examiner, \$1200; M. L. VanMeter, Columbus Grove, and Henry R. Endly, Mansfield, assistant examiners, \$1200.

## JEWISH LOANS TO AID COLONIZATION IN UNITED STATES

(ASSOCIATED PRESS TELEGRAM)  
New York, Feb. 15.—More than \$2,000,000 has been loaned to 3,552 farmers by the Jewish Agricultural and Aid society in the work of promoting colonization in the United States, according to the report of Leonard Robinson, the general manager of the society to the annual meeting of the society today.

Mr. Robinson reported that 38 states are now included in the society's loan department and that loans were made last year to 394 persons bringing the total number of loans made up to 3,714.

**UNITED EXCHANGE INCORPORATED BY NEWARK INVESTORS.**

Columbus, O., Feb. 15.—United Exchange company, Newark, \$25,000; R. B. Priest, H. L. Ranforth, J. J. Bervon, Newark.

Messrs. Ralph B. Priest and H. L. Ranforth were seen today and refused to make any comment upon the nature of the incorporation of the company, saying they were not about the matter, saying that couple of weeks they would publish its details.

## SWAMP ROOT SAVES KIDNEY SUFFERERS

You naturally feel secure when you know that Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy, is absolutely pure and contains no harmful or habit producing drugs.

The same standard of purity, strength and excellence, prescribed by Dr. Kilmer many years ago, is maintained in every bottle of Swamp-Root.

Swamp-Root is scientifically compounded from vegetable herbs. It is not a stimulant and is taken in teaspoonful doses. It is not recommended for everything. According to verified testimony it is nature's great helper in relieving and overcoming kidney, liver and bladder troubles.

If you suffer, don't delay another day. Go to your nearest druggist now and get a bottle. All drug stores sell it in two sizes—fifty cents and one dollar.

However, if you wish first to try this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention The Newark Advocate.

## HEAVY GUNS DO MUCH DAMAGE TO FRENCH FORTRESS

(Associated Press Telegram)  
Berlin, Feb. 15.—By Wireless to Saville—Adviser from Swiss sources to the Overseas news agency say the shelling of the French fortress of Belfort recently by heavy German guns has done great damage. It is said about fifty houses have been destroyed, that entire have been damaged badly and that the well-to-do inhabitants have fled to Switzerland.

The number of dead and wounded is not known.

## WILLIAM BUTLER HURT BY A FALL

William Butler, the well known baker, suffered severe injuries to his back early last evening, when he fell from the slippery pavement in front of his home, 206 Eddy street. Dr. W. H. Knauss was called and attended the injuries.

Mr. Butler suffered considerable pain last night and it is not known whether he suffered internal injuries or not.

## Sure Way To Get Rid Of Blackheads

There is one simple, safe and sure way that never fails to get rid of blackheads and that is to use this

To do this get about two ounces of plain powdered hercap from any drug store—sprinkle a little on a hot wet sponge—rub over the blackheads briskly—wash the face and you will be surprised how the black heads have disappeared. This black cure is little like Kneads, no matter what they are, simply dissolve and disappear, leaving the face without any mark whatever. Blackheads are made of a mixture of dirt and dirt and secretions from the body that form in the pores of the skin—in the natural condition only cause irritation, but when they become hard, the powdered hercapin and the water simply dissolve the blackheads so they wash right out, leaving the pores free and clean and in the natural condition. Anybody troubled with these unsightly blemishes should certainly try this simple method.—Advertisement.

## Newark Window Cleaning Company.

ALL KINDS OF WALL AND CEILING CLEANING.

## Are You Going To Build This Spring

If so, and if you need more money than you have, or if you intend to buy a home already built, and want additional funds, then we invite you to call and see us.

We have ample funds and can close loans promptly at all times.

We make straight loans for a term of years or monthly payment loans.

Our experience in land values and in construction plans, the result of many years of lending here, is at your service, and may prove a great help.

It pays to be a home owner and avoid the possibility of repeated spring moving.

We have helped hundreds of others, why not YOU?

## The HOME Building Association Co. NEWARK, OHIO.

## LOSING FIGHT MADE AGAINST STANDARD OIL

### SUPREME COURT REFUSES TO ORDER OILS PROCEED- INGS BEGUN IN OHIO.

Mandamus Suit Filed to Test  
Validity of Referendum Last  
Fall on Sprague Bill.

(Associated Press Telegram)

Columbus, Feb. 15.—George H. Phelps, Findlay attorney, who would bar the Standard Oil company from the state of Ohio, met with another defeat in his fight against the corporation today. The supreme court refused to review his suit instituted to compel the prosecutor of Hancock county to file ouster proceedings against the oil company.

Lower courts had rendered decisions adverse to his suit.

James Ross and John W. McCafferty, owners of the Majestic building in this city, in which the state industrial commission has offices, are entitled to rent which they allege the state owes according to a decision of the supreme court today. The court issued a writ of mandamus ordering State Auditor Donahy to make a rent payment to the building owners which he held up because Adjutant General Hough had engaged other quarters for the industrial commission. The commission had refused to move into the new rooms, however.

Mandamus suit to test the validity of the referendum election by which the Sprague congressional redistricting bill was rejected last fall, was filed today in supreme court by former United States District Attorney Sherman McPherson of Cincinnati, and General J. Warren Kiefer. It is alleged that the measure was not subject to referendum, since the Ohio legislature, in fixing the boundaries of congressional districts acts merely as an agent of the federal government. The suit is brought in the name of Judge David Davis of Cincinnati to compel Secretary of State Hildeman and the Hamilton county board of elections to conduct primary and general elections this year under the Sprague act. The supreme court will be asked, it is said, to give the case a speedy hearing. It is pointed out that the election of delegates to the national party convention April 25, would be affected by the court's ruling, since they are elected by congressional districts.

The supreme court set 9 a. m. February 26 as the time for hearing the case. The Sprague measure was drawn by Republicans with the expectation that it would create 16 Republican and six Democratic congressional districts. The present arrangement, made by a Democratic redistricting in 1912, was expected to provide normally thirteen Democratic and nine Republican districts.

General Kiefer is credited with having originated the idea of contesting the election on the Sprague bill by alleging that it was not subject to a referendum. Former Senator Joseph Benson Foraker, of Cincinnati, is also a supporter of the bill.

## Rupture Expert Here

Well Known to Leading Physicians  
Who Endorse His Methods.

W. R. Seeley, the noted rupture specialist of Philadelphia, is sending his personal representative to Newark, ONE DAY ONLY to minister to the needs of the ruptured public, thoroughly equipped and prepared to deal with the most difficult cases. Interested parties can consult him free of charge at the Hotel Warden, Friday, February 18, 1916. Seeley's Supermatic Shield Truss as used and approved by the United States government and by the Czar of Russia, will retain any case of rupture perfectly, affording immediate relief, and closes the opening in a short time on the average case. It produces results without surgery or harmful injections. No leg straps to irritate and soil. No binding of hips. Clean and durable. Examination and advice free. Personal reference on request. Home office 1927 Walnut street, Philadelphia.

## Ambition Pills

For Nervous People.

Ambition Pills are a dependable ally in the fight against Nervous Prostration, Sleeplessness and various ailments of the Nervous system. Lack of confidence, trembling, kidney or liver complaints mean inefficiency and eventually failure. If you wish to recover your former vigor and energy try Wendell's Ambition Pills. If you are dissatisfied T. J. Evans is authorized by the maker to refund the purchase price on the first box purchased.

It is worth while to feel ambitious to have the energy that makes you go to work eagerly, and to feel the glow of health and strength.

Ambition Pills will assist you in overcoming General Debility, Mental Depression, and Unstrung Nerves, caused by over-indulgence in Alcohol, Tobacco, or overwork of any kind. Fifty cents at T. J. Evans and dealers everywhere. Mail orders filled, charges prepaid by the Wendell Pharmaceutical Company, Inc., Syracuse, N. Y.

Cincinnati, recently gave out a statement charging that the referendum was not valid and the Sprague act was still in effect.

John M. Dugan of Cincinnati, correspondent for a labor paper, was fined of charges of contempt by action of the supreme court. He has been sentenced to serve ten days in jail and pay a fine of \$200 by Judge O. P. Heintz of the Cincinnati superior court for alleged contempt in having criticized the court for its ruling in the case of Henry S. Rosenthal, wealthy Cincinnati printer. This case also involved a contempt charge. The court of appeals reversed the contempt decision and the supreme court today refused to review the case.

The supreme court also took perfunctory action in dismissing without prejudice the habeas corpus case of Rosenthal. He had brought this to contest the contempt sentence imposed by Judge O. P. Heintz, but the case was settled recently in the lower courts without compelling Rosenthal to serve the sentence imposed upon him.

For libelous published statements relating to M. Tratnik, Edward Kalish and Louis J. Pire, editors of "The Cleveland Aemirka," a Slavish paper published in Cleveland, will have to pay to Tratnik \$125, the supreme court determined today, in refusing to review the case. This judgment was given by the Cleveland Municipal Court.

The supreme court today refused to review the case of David Rohrer, convicted in Montgomery county of securing money under false pretenses. The court of appeals had affirmed the decision of the common pleas court.

Marcellus A. Lander, Cuyahoga county treasurer between 1897 and 1902, lost in supreme court today his suit to recover \$61,000 fees which he paid into the county fee fund under the 1896 fee law, which the circuit court of Cuyahoga county later declared unconstitutional. He sued to recover this amount four years ago, but lost in the common pleas court and the court of appeals sustained the lower court's action.

Sheriffs are entitled to a minimum of 45 cents a day for feeding each prisoner in the county jail, regardless of what the actual cost of board is, the supreme court declared today.

The decision upheld the law which establishes 45 cents as the minimum and 75 cents the maximum daily allowance, to sheriffs for this purpose.

County commissioners are authorized to determine exactly what shall be paid between these limits.

Frank F. Gentsch, a tax-payer, brought suit against former Sheriff A. J. Hirsut of Cuyahoga county to test the law. Both lower courts upheld the law, the supreme court gave its affirmation.

## SIX BRANCHES OF M. E. CHURCH SEEKING UNION

(Associated Press Telegram)

Chicago, Feb. 15.—Problems which confront the six branches of the Methodist Episcopal church, which are seeking a basis for union are to be discussed at a three-day conference which opened in Evanston today.

Bishops, superintendents and leading laymen of the churches are in attendance and it is said that they represent a church membership of approximately 8,000,000.

Most of the discussion will be informal, it was announced, but it is the intention of the sponsors of the conference to collect the proceedings in book form for future reference.

His Escape.

First Private—How did Schmitt escape from the Scottish guard?  
Second Private—He passed his helmet asking for contributions and the guard disappeared.—Judge.

## VERDICT FOR INDUSTRIAL COMMISSION

### SUIT BROUGHT BY WIDOW TO RECOVER COMPENSATION FOR HUSBAND'S DEATH.

Real Estate Transfers, Marriage  
Licenses, Justice Offices and  
News of Courts.

In the case of Anna Gooding vs. Al. W. Vance, suit in attachment before a justice of the peace: A motion has been filed to require plaintiff to give security for costs, on account of being a non-resident.

George O. Daniel vs. Fred McCullum, heretofore assigned for trial Thursday: Case taken from the assignment on account of absence of material witness. To be re-assigned.

Clarence A. Jessup vs. Ohio Electric Railway Company: Heretofore assigned for trial Monday next: Case re-assigned for trial Thursday, February 24th.

Thomas C. Linger, et al., vs. L. F. Tenney: leave given to file answer.

In the case of Emma Thompson vs. the Industrial Commission of Ohio, the court sustained a motion of defendant to direct a verdict for defendant. Plaintiff has filed a motion for a new trial.

The suit was brought to recover compensation on account of the death of plaintiff's husband, plaintiff claiming that he died from the effects of injuries sustained at the Buckeye Rolling Mill. The defendant denied that he received the injuries while working there.

Thomas M. Harris to Benj. S. Burkhart, lot 44 in Bella Vista addition, \$1, etc.

Alto E. Lawrence to Sarah A. Lawrence, lot in Tuscarawas street \$1, etc.

Justice Scott's Office.

Home Steel and Samuel F. Steel were taken into custody at Old Washington, Guernsey county, O., yesterday by Special Constable Chas. Moore of Justice Scott's court, on an affidavit signed by Howard Beener, the men being charged with removing a mortgaged bicycle from this county, where it was recorded, into another county. The two young men set up the defense that when they left Licking county they left the bicycle here.

Decorations Fall.

A number of the plaster paris decorations on the dome above the court room have become loosened and during the night a couple of them fell onto the trial tables used by the attorneys and their clients. The decorations are pointed and quite heavy, and should one of them strike a person on the head it would fracture the skull. The commissioners therefore have decided to remove the dome decorations and repair the panels in the dome and the work will be started at once. In the meantime court will be held in the circuit court room.

Marriage License.

Stanley O'Dell, a laborer, and Miss Lottie May Conner, both of this city. Justice D. M. Jones.

## BRANDEIS

(Continued from Page 1.)

reiterating that he had no information whatever of the subject. After some discussion today the committee decided to leave open the question of whether Mr. Mellen should be subpoenaed.

Senator Clark said he had supposed Mr. Brandeis was quite familiar with affairs of the New Haven road and also that he had read statements from Mr. Mellen, "assailing Mr. Brandeis in most violent terms, so violent that I did not see how they could be true."

S. W. Winslow, president of the United Shoe Machinery company, was called as the first witness but yielded to Hollis R. Bailey, Boston attorney who was testifying relative to Mr. Brandeis' connection with the so-called Warren Hill case.

Brandeis was attacked today before the senate sub-committee investigating his qualifications by Samuel W. Winslow, president of the United Shoe Machinery company of Mr. Brandeis was formerly a director and counsel and by Hollis R. Bailey, a Boston attorney with whom Mr. Brandeis had been associated years ago in litigation over an estate.

Mr. Winslow charged that Mr. Brandeis had been guilty of unprofessional conduct in that after leaving the shoe machinery company he had used knowledge gained through his association with it to attack and defame the company and its officers in a criminal and illegal and criminal "the very acts and system of business which he assisted to create and which he advised were legal."

Mr. Bailey charged that Mr. Brandeis, representing at the same time the lessees and lessors of the Warren Paper Mills and involving a \$21,000,000 estate had been found guilty of acts which favored one set of interests against the other.

The possibility of extending the inquiry into New Haven railroad affairs by testimony of Charles S. Mellen, president of the road, was practically passed over on receipt of

a telegram from Mr. Mellen saying he had no evidence of Charles W. Barron's charge that Mr. Brandeis had helped an attempt to "bribe the New Haven road." The committee may consider whether to call Mr. Mellen later and made some further inquiries of him.

At the close of the hearing for the day, a second telegram was read from Mr. Mellen saying he was absolutely without information as to anything "that I would be justified to testify under oath."

That it would be a waste of his and the committee's time for him to come to Washington, and further saying:

"I am not at all unfriendly to Brandeis and I know nothing about his career except hearsay."

## AUTOMATIC GAME OF BASEBALL IN A NEW LOCATION

Tonight marks the opening of the automatic baseball game in its new location, the old Methodist church building at Fourth and Church streets. The apparatus was moved from the room in the Wehrle block where it was found that there was not sufficient room to allow the best results with the machines. The new courts furnish a background 30 by 18 feet and the machines have been installed allowing the entire floor space for the playing field. The machines have been readjusted, giving more speed and better control. A partition divides the batters boxes while a sloped floor saves the necessity of suspending the game while the baseballs are gathered into the hopper from which they are fed into the machine.

Team captains are requested to report at once to prepare for the big tournament which will open next week. Challenges have been received from several Columbus teams for games with Newark players.

## CLEERKSHIP IN HOSPITAL FOR A. L. RAWLINGS

When A. L. Rawlings recovers from his present illness which still confines him to the penitentiary hospital, he will be assigned to duty as a clerk in the hospital. In this capacity his business ability will enable him to perform the duties with ease. To the Advocate this afternoon, Dr. O. M. Kramer, penitentiary physician, stated that Mr. Rawlings' condition was good and that he would be sufficiently recovered within a week to take up his new duties. He has been suffering from erysipelas.

## HEARINGS BEFORE THE UTILITIES COM. ON COAL RATES

(Associated Press Telegram)  
Columbus, Feb. 15.—Hearings on the complaint of the Pittsburgh Vein Operators' Association against coal rates of railroads were started before the public utilities commission today by examination of several railway officials by O. P. Gethlin of Dayton. Questions tending to explain the cost of hauling coal in various seasons of the year were asked by Mr. Gethlin. A score of railway officials and coal producers attended the hearing, which is expected to continue for several days.

## ELYRIA MAN BUYS MADZA THEATRE

The Madza Theatre owned by Bader and Schlegel has been sold. The theatre was taken over today by the new proprietor, Mr. Thomas G. Chapman of Elyria. Mr. Chapman is an experienced theatre man having managed a vaudeville house. He will open the theatre this evening with Orrin Johnson in Satan Sander-son, a Metro feature.

## HANOVER PLANT IS TO RESUME

Mr. Wesley Montgomery, who purchased the plant of the Hanover Pressed Brick Company at receiver's sale last Saturday, stated today that a company was in process of formation and that it would be organized within a few days after which the plant would resume and operate to full capacity.

## COLUMBUS CITIZENS WANT NEW BUILDING EAST SIDE CAPITOL

Columbus, Feb. 15.—Columbus citizens urged that a new state office building be erected on the east side of the capitol square as a unit of a proposed group of public structures when the state building commission met today with Governor Willis.

## FRENCH REPORT.

Paris, Feb. 15.—Via London.—In the Champagne district French troops have recaptured a portion of the advanced trenches occupied by the Germans on the 13th of February, according to the announcement given out by the French war office this afternoon.

## Alkali Makes Soap Bad For Washing Hair

Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is just plain mul-sified coconut oil, for this is pure and entirely greaseless. It's very cheap, and beats the most expensive soaps or anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months.

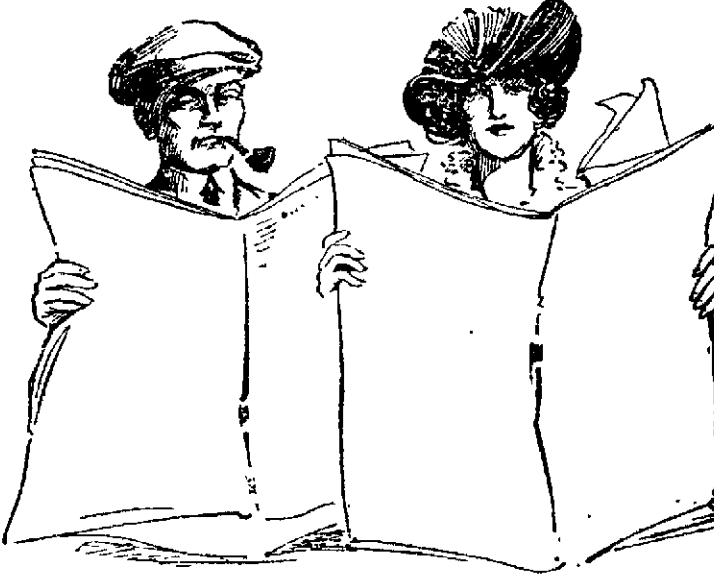

Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.

## BIG AUDIENCE DELIGHTED AT ELK MINSTREL

LOCAL ENTERTAINERS MADE GREAT HITS AT THE ANNUAL EVENT.

Men's Chorus One of the Best Ever Heard in Newark—Second Performance Tonight.

(By Hazel Kirk.)  
Each year places its mark upon the minstrel show given annually by Newark Lodge of Elks, and brings it nearer perfection. The production given on Monday night in the Auditorium theatre and which will be repeated this evening, was in many respects the best show ever produced under the direction of the Elks, and it "went big" with a capacity audience.

As in the past it was under the direction of H. O. Stanton, and his success was attested by the wonderful work of the male chorus of nearly fifty voices. They responded promptly to the director and combined volume with richness of tone. The first part, a carnival scene, showing the Newark Elks at the Mardi Gras, was originated by Mr. Stanton and proved a beautiful and effective opening, made novel by the introduction of the entire chorus from the aisles of the theatre.

Mr. H. D. Hale, as Rex, King of the Carnival, greeted the revelers and gave good support to the comedians in the putting across of their bits of witicism and take offs.

The four end men, the carnival comedians, Bernie Wingerter, Herbert Webber, Fletcher S. Scott and Rollin Baird, kept the fun up to the minute. Bernie Wingerter proved decidedly clever with his song, "I Wasn't Scared, But I Thought I Better Be." This is Mr. Wingerter's first appearance in the minstrel show for a couple years, but he was enthusiastically cheered. Fletcher S. Scott, in his song "Florrie was a Flapper," a hit of the "Girl From Utah," had several parodies on local people, and he was forced to sing a number of verses. At the conclusion he received a "floral" offering of a basket of vegetables and a live chicken. Rollin Baird and Herbert Webber had some bright patter, and the premier ends, Bryl Shaw and David Murphy, were introduced.

Mr. Murphy made his initial appearance as a comedian, and from the moment he came upon the stage, he met with the utmost favor. In a suit of awning stripe, with a brilliant scarlet waistcoat, he was a typical minstrel man. Mr. Shaw was one of the big hits of the evening with his song, "The Lost My Lady," a racy southern melody. Mr. Murphy sang "Ephraim Johnson Don't Live Here No More." The comedians worked with the dancing octet, Homer Glancy, Paul Morrison, Nelson Metz, Walter Daugherty, William Winters, Lucius Sullivan, Walter Rauck, and Bernard Ewald. The octet showed careful training and did some clever chorus dancing.

One of the features of the first part was the double quintet, made up of M. J. Back, Robert Costello, John Garrity, Leroy C. Messer, Henry Sherrard, Irvin B. Warthen, Karl Kuster, Val Crider, Ray Wintermute and Frank Ewald. They supported all the soloists in the choruses, and the quintet number, "The End of a Perfect Day," was one of the prettiest numbers on the program.

Henry Sherrard, who has a delightful voice, sang "If It Takes A Thousand Years," and sharing honors with him was Frank Ewald with his song, "When I Leave the World Behind." Both these numbers, enhanced by the quality of the voices of the soloists, were also excellent numbers of the double quintet. Mr. M. J. Back, who has a very pleasing tenor voice, sang "The Sunshine of Your Smile."

New to Newark audiences, Mr. Gerald Athey, leader of the Denison Glee club of Granville, replaced Harry Moore of Columbus on the program, and won instant favor. Possessing a very pleasing stage presence, and a delightful, well trained baritone voice, his singing of "Mother" was appealing, and the double quintet took up the refrain, and spelled out the title of the song.

The medley arranged by Mr. H. D. Hale proved a good vehicle for the big chorus and opened and closed the first part.

The olio was made up of a number of vaudeville acts. C. B. Foster was clever in a colored parrot's tirade on local option and closed his act with buck and wing dancing. He was assisted by J. E. Streit. Bird and English did some good eccentric dancing and James R. Cooper proved himself a reader of unusual ability, when he gave Kipling's "Pulch Fishers' Boarding House." His enunciation, diction and delivery were exceptionally good.

Jack Richards, an equilibrist, in a side down dancing, proved an entertaining feature of the olio, as did Lou Craper of Columbus in a dancing and singing act, assisted by Ed. Renard. One of the big acts was that of the three musical kings, a member of which is a local boy, Howard Jackson, violinist. The act was made up of vocal and instrumental selections with the interpolation of some very good comedy.

The show closed with a travesty on a motion picture entitled, "The Plans of Lost Run Mine, or Villains Defeated." The cast included Jim Carlie, an honest miner, Nelson

Metz, Charles, Jim's wife, Paul Morrison and Jack Dalton, the villain, Homer Glancy.

The success of the show was augmented by the worth of the orchestra which was ably directed by Mrs. Altha Fields. The orchestra was made up of twelve pieces and Mrs. Fields conducted all the rehearsals. The show as a whole was one of the best ever given by the Elks and one of the greatest factors in its success was the large chorus, the members of which were L. T. Hanford, William J. Kohlens, H. E. Guello, W. E. McGill, Charles Riley, William Broome, Jr., Charles Greeley, James Bird, Harvey Lascalet, Sherman D. Fairall, Andrew Callahan, W. E. Carson, L. S. English, Frank Strear, Everett Jones, Robert Fleming, M. S. Lake, John Leahy.

## WILLARD'S COLD MAY CAUSE BOUT TO BE POSTPONED

(ASSOCIATED PRESS TELEGRAM)  
Chicago, Feb. 15.—Whether the Willard-Moran fight set for March 8, in New York is to be postponed, probably will definitely be decided today. Willard has been suffering from a cold which has settled in his throat and unless it responds rapidly to treatment it is said postponement of the fight for at least two weeks will be asked.

Several days last week the champion stopped his training work at the Chicago Athletics club in the hope that by remaining at home he could throw off his ailment. He felt improved on Saturday and resumed training, but again yesterday he remained at home.

## WILLARD HAS GRIP.

(ASSOCIATED PRESS TELEGRAM)  
New York, Feb. 15.—Tex Rickards, the promoter of the Willard-Moran bout scheduled for March 8, in the city, said today that no application for a postponement has been made to him.

"Tom Jones, Willard's manager, came to me last night," said Rickards, "and said he had learned from Willard over the long distance telephone that the champion was ill with the grip in Chicago. I understand that he has been unable to train for ten days."

"Jones expects to ascertain just how serious Willard's illness is, and what effect it will have on the proposed bout. Reports from Chicago are that it may be necessary to postpone the fight for two weeks. Willard, as I understand it, is opposed to a postponement if it can possibly be avoided."

## MICHIGAN HAS 30 CANDIDATES FOR BASEBALL

(ASSOCIATED PRESS TELEGRAM)  
Ann Arbor, Mich., Feb. 15.—Nearly thirty battery candidates have reported to Captain Labadie of the University of Michigan baseball team for preliminary indoor practice. Drill for the pitching and catching recruits, starting in Waterman gymnasium this afternoon probably will continue two weeks before the aspirants for the open positions on the varsity nine are called out. Coach Carl Lundgren is expected in Ann Arbor Monday to take charge of the squad.

## SIMILAR 'ADS' HELD UNFAIR "UNITED" WINS

Columbus, Feb. 15.—The National Woolen Mills Company yesterday was permanently enjoined by Judge Bigger in common pleas court from using advertising designs similar to those of the United Woolen Mills Company.

The court held the latter company has built up a string of tailoring shops in West Virginia and Ohio cities during the past 14 years largely through distinctive advertising.

The other firm organized later, operates along similar lines and the court ruled that using similar designs in advertising constitutes unfair competition.

## BOWLING

## WILL ATTEMPT TO THROW TWO IN HALF HOUR

JIM WHITE HAS TOUGH PROPOSITION ON HAND FOR THURSDAY NIGHT.

Thor Will Arrive Wednesday Night—Big Crowd is Expected to Attend Next Wrestling Match.

Jim White who comes to Newark next Thursday night from Coshocton to wrestle Vance Wallace and John Hechelberry, is anxious to secure a match with Bowser. White believes that he can beat Bowser, but before he is given a match, the local man wants to see him dispose of a couple of Newark's coming grapplers.

White's chance for getting on with Bowser lies solely in the showing he

**JIM WHITE.**  
The Coshocton grappler who has a tough job on his hands for Thursday night at the Music Hall. He has agreed to throw, in one-half hour, both Vance Wallace and John Hechelberry, local wrestlers. Can he do it.

makes Thursday night when he will attempt to beat the Newark men in one-half hour. The local men also are anxious to break into the game in a professional way and will endeavor to send the Coshocton man home a loser. This is causing a great deal of comment on the part of the fans and will crowd the main bout for the honors of the evening.

Thor Olson, the "Terrible Swede" is expected to swing off a train from Pomeroy tomorrow and finish his training for the bout with Bowser. Thursday night, at some local gym, Olson believes that he will beat Bowser, while Paul, with a return bout with Joe Turner in view, will give the Swede a stiff argument for the decision.

The Tiescher Brothers who have met twice at the Music Hall will pull a "Roosevelt" and stage their third bout. The first two bouts were interesting, both boys giving a fine exhibition and the next is expected to excel as both know a few more tricks of the game.

50c Men's Winter Caps, 38c. Hub.

## Y. M. C. A. LOSES TO COSHOCTON; SCORE 46 TO 28

The Newark Y. M. C. A. team last night was defeated by the Coshocton basketball team by a score of 46 to 28 in a game played at Coshocton. The Association's alibi is based on the trip to Coshocton. Because it was necessary for the team to leave Newark before stores and factories closed, a number of dependable players could not accompany the squad. Another player who intended to go, spent too much time visiting with a West Newark friend and missed the train. Earl Woodward who was taken as a substitute, had not played with the other members of the team. Those who composed the team were Wilfred Rawlings, Archie Davis, Merl Orr, Earl Woodward, and Archie Goodwin. Assistant Secretary Richard Stevens accompanied the team.

## EDWARD COYNE SAYS MASTER MEDICINE IS GREAT

STOMACH TROUBLE, SLEEPLESSNESS AND FAINTING AFFECTIONS BENEFITED BY USE OF TANLAC.

"Tanlac Surely is a Great Medicine for Such Ailments as I Had and I recommend it."

In speaking of the benefit of Tanlac in his case Mr. Edward Coyne, who resides at 165 Grand street said: "I was troubled with my stomach and sleeplessness and one bottle of Tanlac has convinced me that it is a great medicine for such ailments and I have taken only one bottle so far but it has been of untold benefit to me and I feel better in every particular and sleep soundly—My appetite which I had almost lost has returned and I am in better shape than I have been for a long time and I take pleasure in recommending Tanlac." Mr. Coyne's case is similar to thousands. Tanlac has proven exactly what was needed and Tanlac the Master Medicine is equally as beneficial in cases of rheumatism, catarrh, liver and kidney trouble or after effects of gripe or pneumonia and is a tonic of superior merit and especially beneficial in aiding nervous, run-down people of all ages, but particularly elderly ones. Tanlac is being demonstrated at Hall's Drug Store and is for sale at Pataskala by J. R. Strong, Hebron by the Hebron Drug Co., Granville by W. P. Ullman, at Utica by P. H. Richardson, at Ashville by D. H. Squire & Son, and at Coshocton by Page and Lorenz.

To Cure Children's Colds. Keep child dry, clothe comfortably, avoid exposure and give Dr. Bell's Pine-Tar-Honey. It is pleasant, soothing, antiseptic, raises phlegm and reduces inflammation. ESTABLISHED IN 1820

Entered as Second Class Matter March 10, 1852 at the post office at Newark, Ohio, under Act of March 3, 1879.

## Fulton Indorsed.

The Delaware County committee has just unanimously indorsed the candidacy of Hon. W. D. Fulton of Newark for Secretary of State. Mr. Fulton recently was given an indorsement by the Licking County committee and while no other county organizations have yet taken action, Mr. Fulton is in receipt of messages from all over the state assuring him of hearty support. Influential party workers in Cleveland, Cincinnati and many of the smaller cities are Fulton boosters and it looks very much like the Newark man will be given the nomination.

Mr. Fulton was a prominent figure in the state legislature a few years ago and his membership in that body and his chairmanship of important committees gave him a wide acquaintance over the state.

## Treasury Figures.

Reference to the daily report books of the state treasurer and the state auditor showed at the end of Willis' first year that there was a deficit in the general revenue fund of \$2,061,899.18 in comparison with the surplus in cash in the same fund of \$8,654,762.93 left by his predecessor. By the simple method of comparing transfers of funds for all purposes in two years it was discovered that the Willis administration in its first year had spent the sum of \$126,893.06 all of which went for expenditures not encompassed in regular fixed funds. This meant that the sum of \$126,893.06 had actually been spent for things for which there was nothing to show. It was not a book decrease in funds but an absence of cash in the treasury, which had gone to pay for additional help in offices, referendum detectives, and other like purposes.

## Problem Of Flood Control.

The extent to which floods sap the resources of the country is realized by the general public only during the spring period when the rivers are rampaging. It is like the man who wouldn't mend his roof in rainy weather, as he would then get wet, and he wouldn't mend it in pleasant weather, as he didn't need to then. The floods of 1913 did \$300,000,000 damage to Ohio and Indiana alone. Annually the Mississippi and other rivers are turned into raging torrents, converting fertile farms into sand banks, and making prosperous cities fight for existence.

Little progress toward a solution seems to be made. Competent observers say the cost of protecting the Mississippi valley would be far greater than the river's commission's estimate of \$157,800,000. Some engineers favor levees, others believe in reservoirs. In all this conflict of opinion little is done.

The obstacles to the reservoir system are suggested in the report of one authority recently made. He said it would cost \$73,000,000 to build basins to hold the water that passes down the flooded Mississippi in one day. That makes no provision for 48 other days of the usual flood period.

## Daily History Class—Feb. 15.

1805—United States Frigate Philadelphia, which the Tripolitans had captured in battle, was destroyed by Lieutenant Stephen Decatur and a body of United States seamen in the harbor of Tripoli.

1805—The United States battleship Maine wrecked at Havana.

1805—Holland sent to Germany and Great Britain protests concerning neutral shipping and the use of neutral flags by belligerent ships similar to those made by the United States on the 11th.

## ASTRONOMICAL EVENTS.

Evening stars: Mars, Saturn, Jupiter, Venus. Planet Mars receding from the sun.

## Ask Mr. Cowen.

In many of his speeches for defense Governor Willis endeavors to explain the huge decreases in state deposits since he became governor by the charge that large road contracts let during the administration of Governor Cox were left for him to pay, but he fails to add that road work is paid from the special fund raised by taxation. The more than two million dollar decrease in state funds which Willis tries to explain is in the general revenue fund which does not come from taxation. The good young governor has many things to charge and explain all of which would be important if true. But he really ought to keep in touch with State Highway Superintendent Cowen, who explains the dearth of road work last year by reference to the unfavorable weather.

It looks as if the English army would be ready to do some real fighting by the time the war is over.

## This Happened in 1915.

(Christian Herald.)

Thirteen months ago a young man—his name doesn't matter—made a sensible New Year resolution. He had been married a few years; he received a small salary and had been mortgaging his future—drifting into debt. The sums he owed were not large, but they were larger than he seemed able to shake off, and his wants were steadily increasing.

He determined to get rid of the deadening weight at any sacrifice. His work was such that he could work overtime and get extra pay for it. He had perfect health and discovered for the first time that it was valuable capital. He put that health and strength and skill of his into the smelting mill, and they assayed pure gold.

He found in time that while he was making more money than before, he was also making himself more efficient. As his purposes grew in seriousness, his wants became more simple. He was finding ideals the attainment of which money cannot buy, and which call for no expenditure.

He had set out to pay his debts before the end of the year. He had cleaned them all up within a few months. But he did not cease his efforts. He had found something more than mere freedom from debts—something even more valuable than that.

He had been fulfilling his obligation to his employer, which meant that his work had been up to the average. Now he was fulfilling his full obligation to himself also, which meant that his work was far above the average. His employer could not fail to see it and appreciate it.

A good bank account in his own name today helps this young man to see the vast difference between being a slave of circumstances and a master of them.

## Pure Reason.

(Ohio State Journal.)

In an article advocating the confirmation of Brandeis, the New Republic says: "Americans seriously believe that the nine justices embody pure reason, that they are set apart from the concerns of the community, regardless of time, place and circumstances, to become the interpreter of sacred words with meaning fixed forever and ascertainable by a process of intellectual reasoning." There is a sentence that will knock the scales from a good many people's eyes, and yet we have been saying substantially the same thing for years.

The idea that a judicial body is a sort of synthesis of pure reason and that therefore they are certain to be right is nonsense. Pure reason does not exist anywhere on this globe. Bias, predilection, past life, heredity constitute a large part of every man's opinion. There is no belief or opinion that is absolutely correct. All that is expected of a court is to be humanly intelligent and sincere, and to trust itself to the humanities, the amenities, the sympathies, and to the best discretion of the environment. And this is getting to be the view of the federal supreme court. Justice Holmes said it was the court's duty "to learn to transcend our own convictions and to leave room for much that we hold dear to be done away with, short of revolution, by the orderly change of law." Justices Day and Hughes look at it the same way.

There is a judgment against rigid technicality, against case practice and acres of reports. In the very circumstance out of which a question arises there is more legal authority than the books disclose. The whole outlook is the humanizing of the judicial opinion.

## Short, But Generous.

(Columbus Dispatch.)

February, the shortest month in the year, is famous in our American calendar as the birthmonth of our two greatest presidents, Washington and Lincoln. Two holidays—the 12th for Lincoln and the 22nd for Washington—serve annually to recall to the people the great services they rendered to the nation and in great measure to hold us true to the ideals they established and upheld.

But that is not all that America owes to February. The month gave us Lowell and Longfellow, Burr and Greeley, William T. Sherman, Joseph Jefferson and Thomas A. Edison. Two states—Massachusetts and Oregon—were admitted to the Union in February. The English literature of the month brought Dickens, Ruskin and Lamb, Charles Darwin was born in February and so were Sir Henry Irving, Mendelssohn, Handel, Jules Verne, Victor Hugo and Galileo. February is a short month, but it has been a generous one.

## Spirit of the Press

**Field Open to All.**  
A university professor estimates that before the war ends the death roll will be fully 25,000,000. His guess is entitled to as much respect as that of anybody else, despite the fact of his university professorship. —Seattle Post Intelligence.

**One Fast Color.**  
The 2-cent postage stamp is turning pale, but at any rate the shortage of German dylusts seems not to be causing any of Uncle Sam's long green to fade away. —Anaconda Standard.

**That's the Knack.**  
Sometimes, in a moment of skepticism, we almost believe that the prime requisite for writing about health is to be able to make any reader think he has the symptoms of something very serious. —Milwaukee Journal.

**Fish That Travel on Land.**  
That certain species of fish are able actually to flop over the land is the remarkable discovery of a Johns Hopkins professor. In the course of his investigations the professor noticed that such fish as minnows are often found in the little temporary pools that are left in the sand by the retreating tide. If the minnows are so unwise as to be caught when the entrance is blocked, they actually leave the water and flop over the sand to the sea. The professor has often seen scores and scores of these fish leave large pools and travel over sand bars more than 12 feet wide and half a foot high. A remarkable feature about this discovery is that the fish never take the wrong direction for any great distance. When fish travel on land, the professor asserts, they spring snakes or kangaroos by sudden bends of the body. Although in its fall the fish may find its head turned the wrong way, it nevertheless makes its next leap in the proper direction. These researches raise the question: Is there some mental machinery at work in the tissues of fish, which may be instinct, which may be sense, and which may be something allied to memory? —Popular Science Monthly.

**Advertising.**  
Stopping an advertisement to save money is like stopping a clock to save time. Advertising is an insurance policy against forgetfulness. It compels people to think of you. —Modern Methods.

## Pointed Observations

However, Lindley M. Garrison does not look like a man who would continue resigning through 1500-word statements for several weeks. —Grand Rapids Press.

British army agents are accused of recruiting brass horn tooters in this country. Some will forgive the offense in view of the resulting increase of public comfort. —Chicago Herald.

Chairman Hiles is another of those prophets not without honor except in those countries which remember his previous prophecies. —Cleveland Plain Dealer.

The season has arrived when the Ben Davis apple is given a high-sounding name by the thrifty hucksters. —Toledo Blade.

No one will question the statement that there has been a lot of lying done concerning Mexico, but there seems to be a wide divergence of opinion regarding who has been doing it. —Marion Star.

Some married men are members of almost everything in town but their own families. —Cincinnati Enquirer.

## Rippling Rhymes

**Workers.**  
It's good to work, with might and main, until the workday ends; it's good to work, in sun or rain—but do not work your friends.

The toiler's worthy of his hire, wherever he may be, though he be punishing a lyra or chopping down a tree; though he be furrowing the loam, that harvest brings the bacon home, and makes the wheels go round.

Renown for toiling with a vim the true distinction lends; so work until the light grows dim—but do not work your friends.

The willing worker seldom sees the lean wolf at his door; he has his wienersurst and cheese and other grub in store. Men's admiration he commands, no matter where he wanders; he does his work with both his hands, but does not work his friends.

There is sadder, punier sight, in any neighborhood, than that of the husky, lazy wight who's cut out work for good. We have all seen his maudlin tear, we have heard his whining tones; a guilder there, a kroner here, from all of us he bones. To gain a dime this shameless shirk to lowest depths descends; for when a man quits useful work, he starts to work his friends.

WALT MASON.

## A Little Fun

**Easy.**  
Mother (annoyed)—I don't see, Elsie, how you can be so naughty. Elsie—Why, mamma, it isn't a bit hard. —Boston Transcript.

**Getting a Start.**  
He had just taken his first bath. "Now," said he to himself, "I must go downtown and brag about the cold bath I take every morning." —Detroit Free Press.

**According to Her Cook Book.**  
Bride—Merciful heavens! That pie is burning and I can't take it out for ten minutes yet! —Life.

**A Prepared Pacifist.**  
"Are you in favor of preparedness?" "No," replied Bronco Bob. "I fraglet, Estelle, but I don't see any

—STANLEY—

## The Advocate's Melting Pot

Enthusiasm is the thing which makes the world go round. Without its driving power nothing worth doing has ever been done. Love, friendship, religion, altruism, devotion to career or hobby—all these, and most of the other good things in life, are forms of enthusiasm. —Robert H. Schauflior.

**Help!**  
"I'd like to have some lobsters, please." Said Mrs. Bride to Fishman Breen: "But I want riper ones than these." The ones you have look very green. —Cincinnati Enquirer.

To market Mrs. Younglove went Intent on buying halibut: And when she told the Fishman gent To send up two, he laughed, the mutt.

**T. R.**  
We all waste a lot of time thinking about how things would seem if they were different from what they really are and we often wonder what would have happened if Col. Roosevelt had been a girl. —Ohio State Journal.

We haven't so very much time to waste, but our guess would be that he would be conducting a "Young Ladies' Seminary and would be imparting instruction in deportment and fine embroidery.

**English As She Is Writ.**  
When a clever, resourceful young tough, Is working a wonderful blough, Stole an Oliver plough, He was fussed to know hough He could ever get away with the stough.

So he hauled out the owner's big sleigh And hitched up the old dappled greigh. Then he cut a green bough And without any rough He stole silently, softly aweigh.

**Mal de Mer.**  
We were aboard the "Nancy Lee." Myself and Hiram Frick; I asked, "How do you like the sea?" He said, "It makes me sick."

**Did You Know**  
That while the doddering little house

think it's all wrong for people to carry guns?

"But you are carrying one right now."

"Sure. If I didn't, something might happen to me that 'ud keep me from exertin' my moral influence in the cause of peace." —Washington Star.

**Lucky.**

"Do you think a rabbit's foot is lucky?" "This one was. I shot the rabbit myself and had him for dinner." —Washington Star.

**No Doubt.**

"Money has wings." "I suppose that is why we speak of taking a flyer." —Louisville Courier-Journal.

**Dad's Pleasant Part.**  
Daughter—Am I to understand, papa, that you have settled everything with regard to my wedding? Father—Yes, my dear—everything but the bills. —Boston Transcript.

**Fully Occupied.**  
"Beauty is only skin deep." "I consider that a wise provision of nature." "Why so?" "With that limitation, the girls are kept busy enough." —Kansas City Journal.

**The Buffer.**  
"I don't mind your being a sufferer, Estelle, but I don't see any

fly does not lay as large eggs as Friend Hen, she makes up for it by laying about 120 at a time?

If her ambitions to increase and multiply are thwarted early in the season by a judicious use of the swat, one may reduce the fly population by many millions. Translated, this means, Kill the winter flies!

**Aunt Callie says:** "I hev consid'able patience with a stubborn man. Fer I was raised on a farm an' had dealin's with mules an' settin' hens an' sich."

**From the Primary Department.**  
"Pop, why is the cooky sister has just eaten like the letter 'C'?" "Because it's round, I s'pose." "No; because it's in cider." "Young man, if you'd just exercise that giant intellect of yours on something worth while, I'd be thankful."

**Apples.**  
A friend sent us a basket of delicious apples the other day, accompanied by a card reading: "An apple a day will keep the doctor away." Here's more good advice that comes in the morning mail:

If you're feeling kind o' blue, Eat an apple! It will cheer you through and through. Eat an apple! Eat an apple! It will put your stomach right. Sootie your liver overnight. Operations? Calm your fright—Eat an apple!

**A Definition.**  
The following definition of a "citizen" was given recently by a pupil in the Newark public schools:

"A citizen is one who has attained a fixed age and has done away with all obligations which lead to citizenship."

If a "fixed age" were all that's necessary wouldn't it be lovely? For then many of the militant suffragettes could qualify at once.

reason why you should talk about it all the time.

"But, father, if I didn't we should both have to listen to mother." —Life.

**Pulling Wires.**  
"You know Senator Wombat pretty well, don't you?" "Yep." "And Congressman Flubdub?" "Yep." "And Senator Soandso?" "Yes. What are you after—an ambassadorship?"

"No; I just want to get an invitation to a White House reception." —Pittsburgh Post.

**An Armored Garden.**  
"Guess the neighbors' chickens won't bother my garden next spring." "What are you going to raise?" "Cactus, Spanish bayonet and prickly pear." —Louisville Courier-Journal.

**In the Same Predicament.**  
"Lend me a fiver, old man; I'm clean broke." "Why don't you pawn that ring you are wearing?" "Couldn't do that; it's a souvenir of a deceased brother."

"Well, my money is a souvenir of a deceased father." —Boston Transcript.

Since being expelled from Mexico, Father Peter Belanstein has been shining shoes in New York City as a means of making a living for himself.

## BANISH SCROFULA

Hood's Sarsaparilla Cleanses the Blood, Skin Troubles Vanish.

Scrofula eruptions on the face and body are both annoying and disfiguring. Many a complexion would be perfect if they were not present. This disease shows itself in other ways, as bunces in the neck, inflamed eyelids, sore ears, warts, the muscles, a form of dyspepsia, and general debility.

Ask your druggist for Hood's Sarsaparilla. This great medicine completely eradicates scrofula. It purifies and enriches the blood, removes humors, and builds up the whole system. It embodies the careful training, experience, and skill of Mr. Hood, a pharmacist for fifty years, in its quality and power to cure.

Scrofula is either inherited or acquired. Better be sure you are quite free from it. Get Hood's Sarsaparilla and begin taking it today.

## Theatres

**Harry Lauder Matinee.**  
Every man and woman who delights to rock with laughter for more than an hour at least, will welcome the announcement that the greatest comedian of his time, Harry Lauder, will be seen in this city at the Auditorium, matinee only, Saturday, March 4.

Mr. Lauder is making his eighth annual tour of America, under the direction of William Morris, and his popularity grows with the years, for not alone in New York, but in every city in which he has appeared, he has played to the largest audience of his career. In many places it was easier to turn people away from the theatres than to supply them with tickets, and had the opera houses been twice as large they would have failed to accommodate those who clamored for admission.

As Mr. Lauder's engagement is limited to matinee only it would be well for those who desire to see this wonderful artist to make early reservations.

**Alhambra Wednesday and Thursday.**  
A dancer achieved a hitherto unheard-of feat of making a Republic out of Portugal, and it is a dancer in a Vitagraph Blue Ribbon Feature, "The Price of Folly," produced by the Vitagraph company, under the direction of George D. Baker, that Edith Storey will achieve her desire to portray a character that is absolutely at variance with any she has heretofore essayed. Miss Storey must be one favored of the gods, as she no sooner expressed a wish to be seen on the screen as a dancer than Mr. Baker, who happened to be passing and heard her, assured her the Vitagraph star her wish was to be granted in "The Price of Folly."

**IF YOU ARE A SICK WOMAN**  
Can you afford to doubt such overwhelming evidence as that of the letters constantly being published in the daily press, showing how Lydia E. Pinkham's Vegetable Compound, that good old-fashioned remedy made from roots and herbs, restores suffering women to health and strength? Thousands of women suffered just as you are suffering and in letters over their own signatures state they have been made well by Lydia E. Pinkham's Vegetable Compound. Why don't you try it?

Ohio has \$20,000,000 invested in school properties.

## What to Do for Itching Skins

There is usually immediate relief for itching, burning and disfigured eruptions, ringworm, or similar tormenting skin troubles, by a warm bath with resinol soap and a simple application of resinol ointment. The soothing, healing resinol medication stops itching at once, and soon clears away all trace of eruption, even in severe, and stubborn cases, unless the trouble is due to some internal disorder.

You need never hesitate to use resinol. It is a doctor's prescription that has been used by other physicians for twenty years in the treatment of skin affections. It contains absolutely nothing that could injure the tenderest skin. Every druggist sells resinol ointment and resinol soap. Resinol Soap soothes tender skins and helps to make poor complexion clear, fresh and velvety, because it contains this resinol prescription.

## An Old, Family Cough Remedy, Home-Made

Readily Prepared—Costs Very Little, but is Prompt, Sure and Effective

By making this pint of old-time cough syrup at home you not only save about 25¢ as compared with the ready-made kind, but you will also have a much more prompt and positive remedy in every way. It overcomes the usual coughs, throat and chest colds in 24 hours—relieves even whooping cough quickly—and is excellent, too, for bronchitis, bronchial asthma, hoarseness and spasmodic croup.

Get from any drug store 2½ ounces of Pinex (50 cents worth), pour it into a pint bottle and fill the bottle with plain granulated sugar syrup. Full directions with Pinex keeps perfectly and tastes good.

You can feel this take hold of a cough or cold in a way that means business. It quickly loosens the dry, hoarse or painful cough and heals the inflamed membranes. It also has a remarkable effect in overcoming the persistent loose cough by stopping the formation of phlegm in the throat and bronchial tubes.

The effect of Pinex on the membranes is known by almost every one. Pinex is a most valuable concentrated compound of genuine Norway pine extract combined with quinine and other natural healing pine elements.

There are many worthless imitations of this famous mixture. To avoid disappointment, ask your druggist for "2½ ounces of Pinex," and do not accept anything else.

A guarantee of absolute satisfaction, or money promptly refunded, goes with this preparation. The Pinex Co., Ft. Wayne, Ind.

## Rheumatism

no matter how severe or long standing your case, write The Sheffus Medicine Co., 213 Arcade Building, Columbus, Ohio. We will gladly tell you how to overcome this misery.

## ADVICE FROM A SPECIALIST

Costs more because it's worth more. He deals with fewer subjects, but he knows all about those subjects. For the prevention and relief from pimples, blotches, indigestion, constipation, biliousness, headache, sallow skin R. & G. Pills is the Specialist's Pill for these particular ailments. A pure vegetable compound, free from all injurious drugs. Safe for children as well as grown people. Use as per direction slips found in each box.

A DENTISTS FORMULA

## MRS. WINKLER IS OFF ON TRIP TO SOUTH AMERICA

Mrs. Mary Winkler, widow of Max Winkler, whose death occurred early last fall, will leave tonight for New York City and will sail Saturday morning for Buenos Aires.

—Photo By Mueller  
MRS. MAX WINKLER, Newark young woman who leaves tonight for a trip to South America.

Aires, Argentine Republic, where she will remain indefinitely.

Mrs. Winkler sails on the steamship Vasari of the Lamport & Holt line at 9:30 Saturday morning. She has obtained from the State department at Washington, passport as an American citizen. Application for these papers were applied for through the office of Clerk of Courts Horton.

While on the southern continent, Mrs. Winkler will visit Buenos Aires, Montevideo and other large cities.

## TO PREPARE BLONCHY, ROUGH OR CHAPPED SKIN

To remove roughness, chaps, freckles, blotches, or any complexion difficulty, the best thing to do is to remove the skin itself. This is easily, painlessly and inexpensively done by the application of ordinary mercurized vasoline at any drug store in the original one-ounce package. The way absorbs the defective outer skin, a little each day, gradually bringing the second layer of skin to the surface. The pores are unclogged and the face breathes in the life-giving oxygen. The new skin is beautifully soft and spotless, bearing the healthy glow of youth. Just apply the wax as you would cold cream, only not rubbing it in. In the morning wash it off with warm water. It's the most effective complexion treatment known.

To remove wrinkles it is a good plan to bathe the face once a day for awhile in a harmless solution made by dissolving an ounce of powdered salicylate in a half pint of witch hazel. There is nothing that will so surely erase the hateful lines.

## Society

**Razey—Appy.**

Announcement is made of the marriage of Mrs. Istanella Appy of Bay City, Mich., to Mr. James Razey of Goshen, N. Y., on February 2. Prof. and Mrs. E. P. Appy formerly of Newark, N. J., and Mrs. Istanella Appy, of Bay City, Mich., were married in the beautiful red room of the Martha Washington Hotel, in New York City. Mr. Razey is well known in this section having resided on his farm in the villages of Chester and Florida for a number of years past. After a brief absence Mr. and Mrs. Razey will take up their residence at Florida, N. Y. The ceremony was performed by the Rev. Albert E. Chamberlain, the pastor of the bride-groom.

The annual business meeting of the Woman's Missionary Society of the Fifth Street Baptist church was held in the parlor of the church Thursday afternoon at 2 o'clock. After the regular business and the opening of the Thank Offering boxes, the following officers were elected for the coming year:

President—Mrs. Arthur E. Taylor. First Vice President—Mrs. Harry Cross. Second Vice President—Mrs. T. E. Brown. Secretary—Mrs. J. C. Bockoven. Treasurer—Mrs. R. L. Williams.

An hour of prayer for Home Missions was observed in charge of Mrs. T. M. Brooks, Mrs. Samuel S. Sachs and Dr. C. H. Stull. A beautiful solo, "He Knows It All," was sung by Mrs. Harry Cross.

Light refreshments were served.

## Personal

Mr. and Mrs. Rees Jones entertained with a delightful dinner party at their home in West Church street on Sunday evening. The event was a family dinner and the appointments were in keeping with the Valentine Day. Red tulips centered the table, and red hearts were the place cards. The candles bore crimson shades and a delicious four-course turkey dinner was served. Covers were laid for fifteen guests.

The Unity Reading Circle entertained with a musicale at the home of Dr. and Mrs. Howard Barrick in Woods avenue on Monday evening. Valentine day decorations prevailed in all the rooms, and there were a profusion of hearts, suggestive of the festivities. Partners were secured by the matching of the states with their capitals, and after they had been secured, a trip to Washington, D. C., was taken, the mythical trip being through the various rooms where one encountered many of the celebrities of the state, and visited the president, these being depicted by the pictures placed in the rooms. A delicious luncheon was served, and parts of valentines were matched for the luncheon partners.

The musicale proved unusually delightful and was arranged and given under the direction of Mrs. H. F. Moninger. The program follows:

Gavotte, D flat—Handel—Miss Besse Glenn.

Group of songs: (a) Unmindful of the Rose, Schneider; (b) Morning, Oley Speaks; (c) Love is a Bubble, Frances Allitson—Mrs. H. F. Moninger.

Joy With Sorrow—Trindell—Miss Martha Flurschutz.

Group of songs: (a) Dedication, Frang; (b) Florians Song, Godard—Mrs. Moninger.

Sextette from Lucia—Donnizetti—Miss Flurschutz.

Group of songs: (a) In Thy Dream, Dudley Buck; (b) Norwegian Love Song, Clouga-Leichter—Mrs. Moninger.

Uffo Thy Heart—Frances Allitson—Violin obligato by Miss Flurschutz, voice, Mrs. Moninger.

The guests of the club were the husbands of the members and the following: Mr. and Mrs. J. D. Simpson and daughter Mildred, Mr. and Mrs. E. P. Hulshizer, Mrs. Frank Agnew, Mrs. Thurman Tower and son Russell, Mrs. Paul Danner, Mr. and Mrs. E. E. Varner, Prof. and Mrs. Dickerson, Misses Besse Glenn, Martha and Sophia Flurschutz, May and Flavia Dunston, Messrs. Warren Jackson, Harold Moudin and William and Janice Barrick.

Misses Julia McCarty and Mary Kennedy will entertain the members of the Kensington club and their friends with a euchre party at the home of Miss McCarty in Pine street on Thursday evening.

The Wednesday Luncheon Club will be entertained at the home of Mrs. David Dowden in Hudson avenue with Mrs. C. W. Miller as hostess.

The Monday Talks convened in the social rooms of the First M. E. church on the club day and the following program was given:

Notes on Siberia—Mrs. W. H. Davis.

Voyaging on the Amazon—Mrs. J. A. Mitchell.

The meeting on next Monday will be at the home of Mrs. C. H. Stimson in North Second street.

## THE SICK

Mrs. Joseph F. Leedy, is ill at her home, 370 West Main street.

Carl Wagner of Zanesville was in Newark Monday and saw the Elks minstrel last night.

Miss Mary Keller of Cedar street left today for Columbus, where she will spend the rest of the winter with her sister, Mrs. Barok of Bryden Road.

## Your Boys and Girls

Amusement, like every thing else in this world, has two sides. It can work for good or it can work for evil. It can lift up or it can hold back. True amusement is any innocent pleasure which employs in a healthy way, the imagination, the heart, the brain, the affections of a child, so that something flows out of him in thought and action.

A thousand expensive toys will not give a child one-tenth of the joy that will be his if he is able to first create in his brain and then make with his hand some faulty little object, which will be to him, because of the gift, dearer almost than his life.

Inertia, once overcome by love, begins to throw out little feelers of growth and almost immediately the selfish child, before whom everything must be exploited, becomes a child of independent growth, willing and ready to give of himself, that the world may be, through his sweetness and effort, a better, happier place.

Every Day Etiquette

"A girl friend of mine has a boy cousin visiting her. Do you think I should go over and call?" asked Ruth.

"No," replied her mother. "A lady should never call on a gentleman. Your girl friend should bring him here to call on you."

## In Milady's Boudoir

By Gwen Sears

The putting on of a hat is usually considered of little consequence, but this is a mistake. The hat should invariably be put on with great care and always when seated or standing before a mirror.

To put a hat on properly it should be lifted by the crown, never by the brim, as in so doing you spoil the alignment with the back of the head. The left hand should rest up on the top of the crown and the right hand hold the front brim. The hat is now brought forward and gently pressed into place, then the haptus are inserted to hold it firm.

I wish to emphasize that the hat must always be brought forward from the back to the front when adjusting it to the head. The reason for this is, that in so doing it creates a soft, beautiful hairline around the face, whereas when the hat is first put on from the front and then pushed back, it gives a hard, straight and barren line around the face.

The chin should be well up while the hat is being adjusted to the

## Today's Beauty Help

You can keep your hair at its very best by washing it with a teaspoonful of canthrox dissolved in a cup of hot water, afterward rinsing thoroughly with clear water. One finds that the hair dries quickly and evenly, is unstreaked, bright soft and very fluffy, so fluffy in fact, that it looks more abundant than it is, and so soft that arranging it becomes a pleasure. This simple, inexpensive shampoo cleanses the hair and scalp thoroughly of all dandruff and dirt, and leaves a clean, wholesome feeling. All scalp irritation will disappear, and the hair will be brighter and glossier than ever before.

To begin with, one's hair should be kept clean, fluffy and slightly waved. The hair which is matted down, instead of being tucked under the hat brim, should be caught up by invisible pins and pinned to the under brim. This also serves to fill that vacancy between the head and hat brim which often presents a very bad line.

TWO DOORS WEST OF SQUARE

# MURDER

DR. JOHN DOUGLAS RECALLED BY VISIT OF HIS POST-HUMOUS SON

Who Heard as a Child of Crime for Which Jeff Bowling Was Convicted.

Fred Douglas, of Anderson, Texas, son of John Douglas who was murdered in his stable in Burlington township in 1835, was in the city today and called at the Clerk of Court's office to look up the records in the case.

It will be remembered that Jefferson Bowling, a son-in-law of the murdered man, and Stephan Douglas, a son, were arrested and accused of the murder. The son turned state's evidence and Bowling was convicted of murder and sentenced to be hung, by the late Samuel M. Hunter, who presided at the trial. Afterwards he secured a commutation to life imprisonment and after serving ten or twelve years was pardoned. The son on account of his confession was given immunity, and died several months ago.

The widow shortly after the murder moved back to her old home in Kentucky, where the son Fred was born. He was reared in the public schools and later graduated from a law college after which he moved to Anderson, Texas, where he now is a successful practitioner. A short time ago he decided to visit his relatives in Kentucky and it was while there that a desire came upon him to come to Ohio and visit his father's grave and go over the records of the case, the story of the crime having been imparted to him when a small boy. It was his first visit to Newark, the first time he has ever been in Licking county, and he is greatly impressed by its people, its industries, its beautiful scenery and natural advantages.

Mr. Douglas is a pleasing young man and impresses any one at once with his sincerity. His southern air is also noticeable. He will remain in the city and vicinity for several days before returning to his southern home.

# Obituary

**Mrs. Laura E. Kinney.**  
A short time after she visited a physician's office for treatment for neuralgia of the heart and within a few minutes after she had two prescriptions filled in a drug store, Mrs. Laura E. Kinney, 46, collapsed and fell to the sidewalk on a street in Zanesville late yesterday. She was carried into a nearby store where she died before a physician could reach her side.

Mrs. Kinney was the widow of H. G. Kinney. Her husband was killed in an accident several months ago.

Mrs. Anna Bradford of Linden avenue, this city, is a sister.

**Mrs. Fred Imbody.**  
Mrs. Belle Imbody, wife of Fred Imbody died at the City Hospital on Monday morning at 10:30 o'clock following an operation. She is survived by her husband, Fred Imbody, her foster daughter, Mrs. H. B. Early and two sisters, Mrs. John Godson of Vivian, West Virginia, and Mrs. Thomas Johnston of Connellsville, Pa.

The body was taken to the home of Mrs. Early, 229 Lexington street, where the funeral will be held on Wednesday afternoon at 2:00 o'clock. Interment will be made in Cedar Hill cemetery.

**William Shaw.**  
The body of William Shaw of Columbus, who died at Grant Hospital Sunday following an operation for appendicitis, was taken to Somerset at noon today, the funeral party passing through Newark via the B. & O. Mr. Shaw was a cousin of T. A. Bazier. He is survived by his widow, formerly Miss Lou McIntrire, his parents Mr. and Mrs. James Shaw of Somerset and one brother. Funeral services and burial took place at Somerset this afternoon.

**John W. Orr, 77,** well known farmer, died early this morning at his home in Linville, following an illness of several years. Death was due to heart disease. Funeral services will be held Thursday leaving the home at 10 o'clock and going to the Fairmount church where services will be conducted by Rev. R. R. Ruffner. Interment will be made in Fairmount cemetery.

The deceased was born in Licking county, April 8, 1839, and spent his entire life in the vicinity of his birth. He is survived by a wife and five children, Mrs. Frances Cooper, of Thornville, Mrs. Elma Courson, of Linville, Mrs. Mary Cooper, of Thornville, Mrs. Nettie Hazlett, west of the city and one son, Thomas M. Orr of Linville, two brothers, Jacob and Henry Orr, of Heidsborough, Ill., and one sister, Mrs. William Meredith, of Linville.

**Cynthia J. Jewell, 79,** widow of the late Moses Jewell, died early this morning at her home, 233 Lawrence street, following an illness of several years. Death was due to infirmities of age. Funeral services will be held from the home Thursday at 11 a. m., Rev. W. D. Ward officiating. Interment will be made in Cedar Hill cemetery.

The deceased was born in Mary Ann township in 1836. She was the daughter of Isaac and Agnes Harris, and is the last of a large family of children. She was married in 1860 to Francis M. Irwin and was widowed by his death in 1871. One son, Oliver D. Irwin and Clyde W. Irwin, an only grandchild survive her death.

She was married to the late Moses Jewell in May 1897.

**William T. Sawyer.**  
Death has invaded the family of William T. Sawyer, this morning for

CAPITAL AND SURPLUS \$325,000.00

the first time and has taken away the husband and father. Mr. Sawyer was stricken with apoplexy yesterday afternoon while at his work at the Heisey Glass factory, and died this morning at 9 o'clock. He leaves a widow, eight children and two sisters to mourn his death.

Mr. Sawyer served in public office in Columbus under Governor McKinley, and also under Governor Herrick. He was a charter member of the Columbus Order of Foresters, but later transferred to the Newark order and was also a member of the Moose lodge.

Funeral arrangements will be made later.

**Mrs. Martha Bowen.**  
Mrs. Martha Bowen, 86 years old, died at 6 o'clock this morning at the home of her daughter, Mrs. Frank Fry, 107 Summit street, of infirmities incident to advanced years. She was a native of Wales and was born April 20, 1829. She came to this country early in her life and for years resided at Shawnee. She is survived by her daughter, Mrs. Fry, a son, Thomas D. Bowen of Case, Ind., and a brother, David Williams of Brookfield, O. Thirteen grand children and 13 great grandchildren also survive.

Mrs. Bowen united with the Baptist church in Wales and became a member of the same denomination at Shawnee where she was an earnest participant in church work. Since coming to Newark her health did not permit her to take part in the church activities here.

Funeral services will be held at the home of Mrs. Fry in Summit street Thursday afternoon at 1:30 o'clock. Rev. George Bohon Schmidt officiating. Burial at Cedar Hill cemetery.

**Steven A. Fitzgerald.**  
Steven A. Fitzgerald, 63, old time circus man, and for many years prominent in musical circles in this city, died early this morning at his boarding house, 62 South Fourth street, following an illness of a few days. Death was due to pneumonia. The body will be taken to the home of a daughter, Mrs. W. A. Barret, 44 Allen street. Funeral arrangements have not been made.

Steven Fitzgerald was a violinist, and was known to his many friends as "Fitz".

He was born in Pottsville, Pa., September 30, 1853. When a small boy he ran away from home and joined the old Forepaugh-Sells circus and was with this organization for thirty years. He was engaged as leader for the band with the circus and became known throughout the United States for his ability as a handmaster.

He was united in marriage to Miss Anna Westley, February 15, 1881, at Cambridge, O. To this union were born five children. Mr. Fitzgerald came to Newark with his wife about twenty years ago. He was connected with two bands in Newark, acting as leader, and several orchestras. For a number of years he was associated with Samuel Huston in playing for dances and entertainments.

The deceased was a stove moulder by trade and for some time past was employed at the Wehrle Stove company. He leaves to mourn his death besides a large circle of friends, a widow and two daughters, Mary and Katherine of Zanesville, Mrs. William Barrett of this city, Mrs. Lewis Eberly of Little Rock, Ark., and Fred Fitzgerald of Washington, Indiana; also five grandchildren.

Half off Overcoats. The Hub.

# FISH AND GAME COMMISSION TO HOLD MEETING

The annual meeting of the Licking County Fish and Game Protective association will be held in the convention room of the court house, Thursday evening at 7:30 o'clock, for the purpose of laying plans for the coming year and the election of officers. It is the desire of the officers to have every member present that can possibly arrange to be there as the meeting will be one of the most important since the organization of the association.

**OFFICIAL FOUND DEAD.**  
(Associated Press Telegram)  
Springfield, O., Feb. 15.—Jesse W. Pence, aged 52 years, superintendent of the Clark county infirmary, was found dead at midnight. Heart disease was the cause. He had been in good health with the exception that when he retired he complained of a headache.

# TAX FREE SECURITIES

IN OHIO LIMITED OFFERING  
BASED ON FARM LAND  
CATTLE and HOGS

The Dollings Company, subject to prior sale and advance in price without notice, presents this offering, as containing the essential elements of SAFETY and RETURN, free from taxes.

This Preferred stock based on LAND, CATTLE and HOGS, contains the element of unusual safety because no bonds can be issued ahead of it.

The money market is in an unusual state—call money being as low as 2 per cent, and firm prices on Municipal bonds cannot be given. Prices are steadily advancing, and the end is not in sight. A big crop of money is like a big crop of wheat—prices go down and interest rates will go down.

We handle securities with the customers' interests in mind because this is the only way to retain trade, but we want to warn our customers that tax free securities to net 6 per cent tax free are becoming more difficult to secure every day. We have a limited offering, contracted for before the money avalanche set in and are in a position to take care of present demands on a good yield basis.

**Wall Street**  
(Associated Press Telegram)  
New York, Feb. 15.—Further selling of the character that depressed prices yesterday was noted at the outset of today's dealings. War shares particularly, Crucible Steel, Baldwin Locomotive and Mercantile Marines were one to two points lower and issues affiliated with this group were under pressure.

Coppers were almost the only shares to show firmness but these also yielded later. United States Steel sold a fraction under yesterday's minimum and rails, also, were irregular to heavy. Trading was broad with signs of professional activity.

The decline was arrested before the end of the first hour, with substantial recoveries in those issues which had shown greatest weakness at the opening. Crucible regained over three points and a few other leading shares were at levels well above yesterday's final quotations.

Feature of the moderate forenoon, United States Steel and Anaconda also contributing more than their proportionate share. Coppers as a whole

were relatively steady, but lacked the prominence of recent days. Rails were again neglected and specialties were irregular. Business prevailed at midday. Round wire steady. Marine Preferred recovered part of its loss in the final dealings and other active stocks also improved. The closing was irregular.

**Chicago Live Stock**  
(Associated Press Telegram)  
Chicago, Feb. 15.—Hogs: Receipts 29,000; slow, unchanged to 7c under yesterday's average; bulk 8.00 to 8.25; light 7.50 to 8.25; mixed 7.00 to 8.00; heavy 7.50 to 8.00; rough 7.50 to 8.00; pigs 6.25 to 7.40.

**Cattle:** Receipts 5,000; strong; native beef steers 6.50 to 6.65; stockers and feeders 5.00 to 7.25; cows and heifers 3.15 to 5.20; calves 8.50 to 11.50. **Sheep:** Receipts 16,000; steady; wethers 7.50 to 8.50; lambs 8.00 to 11.50.

**Chicago Provisions**  
(Associated Press Telegram)  
Chicago, Feb. 15.—Butter: Higher; creamery 24 1/2;  
Eggs: Lower; receipts 2,545 cases; firsts 25 1/2; ordinary firsts 23 1/2; at mark cases included 20 1/2 to 21 1/2.

**Cincinnati Live Stock**  
(Associated Press Telegram)  
Cincinnati, Feb. 15.—Hogs: Receipts 2,000; lower; heavies 8.50 to 8.60; heavy Yorkers 8.15 to 8.20; light Yorkers 8.25 to 8.35; light hogs 8.35 to 8.50; pigs 7.50 to 7.75.  
Sheep: Receipts 100; strong; lambs steady; tows 6.50 to 6.60; lambs 11.75 to 12.25.  
Calves: Receipts 50; higher; top 12.25.

**Cincinnati Provisions**  
(Associated Press Telegram)  
Cincinnati, Feb. 15.—Eggs: Fresh gathered 25.  
Other markets unchanged.

**Chicago Grain**  
(Associated Press Telegram)  
Chicago, Feb. 15.—Assortments that export business done in the last few days had been much underestimated, brought about a display of strength in wheat today, notwithstanding weakness at the start. The initial tendency to sag resulted from scattered selling and from the fact that temporarily the pit seemed to be more limited than usual. The market rose swiftly, however, when buying became somewhat free. Opening prices which varied from the same as yesterday's finish, to be lower, were followed by an upturn that showed fair net gains all around.

Word of fresh export transactions caused a further advance although late dispatches hinted that the new sales were not of any large amounts. The close was firm, 3.61 to 3.61 1/4 net higher, with May at 1.28 1/2 to 1.28 3/4 and July at 1.21 1/2 to 1.22.

**NOTICE.**  
State of Ohio, Licking County, Court of Common Pleas.  
Martha Owens, Plaintiff,  
vs.  
Glenn Owens, Defendant.

The defendant Glenn Owens, whose place of residence is No. 27 Schiller street, Birmingham, New York, hereby takes notice that the plaintiff has filed her petition in the Common Pleas Court of Licking County, Ohio, praying to be divorced from said defendant and that the care, custody and control of the infant child of said parties be decreed to her, on the grounds of willful absence and gross neglect of duty. Said petition will be for hearing after 10 o'clock on the 15th day of February, 1934.

By R. G. Smythe, Attorney.  
2-15-TuesSt

**FRENCH APPROPRIATION.**  
(Associated Press Telegram)  
Paris, Feb. 15.—An appropriation of 7,817,000,000 francs for the second quarter of 1916 is provided in a bill introduced in the chamber of deputies, today by Alexander Ribot, minister of finance. Of this amount all but 657,000,000 francs is for military purposes.

**ROAD NOTICE.**  
Notice is hereby given that a petition has been presented to the County Commissioners of Licking County, Ohio, at their office Feb. 11th, 1916, for the change of route of a county road on the following line, to-wit:

Beginning on the Rocky Fork and Hanover road. Two changes on the land of Perry Casteel and one change on the land owned by the Casteel and Mrs. Matilda Wells and ending in said Rocky Fork and Hanover road.

Dated Feb. 11th, 1916.  
JOHN RECTOR,  
Principal Petitioner.

We want an energetic, ambitious and reliable agent in every town to talk

## Reliable Laxative Relieved This Baby

Child was Badly Constipated Until  
Mother Tried Simple  
Remedy.

In spite of every care and attention to diet, children are very apt to become constipated, a condition responsible for many ills in after life unless promptly relieved.

Mrs. C. W. Woodrow, of Shelbyville, Tenn., had trouble with her baby boy, Woodrow, until she heard of Dr. Caldwell's Syrup Pepsin. She writes, "I can safely say Dr. Caldwell's Syrup Pepsin is the best remedy of its kind on earth. It acts so gently and yet so surely. Little Woodrow was very badly constipated and we could find nothing that gave relief until we tried your Syrup Pepsin, which gave immediate relief."

WOODROW WILSON.

In any well-stocked drug store. A trial bottle of Dr. Caldwell's Syrup Pepsin can be obtained, free of charge, by writing to Dr. W. B. Caldwell, 154 Washington St., Monticello, Illinois.

### WORTH WHILE FARM HINTS

Complying with the requests for more county boys' and girls' club contest in Ohio, the agricultural extension department of Ohio State University will conduct club work along all branches of agriculture and home economics. The success of the recent state-wide boys' livestock judging contest held at the University during Farmers' week has led to the co-operation of O. H. Benson of the U. S. department of agriculture with the extension department in planning for this work. The work of the contests in Ohio will be conducted by W. H. Palmer to whom all requests should be made by school teachers, club workers, county superintendents and individuals interested in juvenile contests.

Just how to feed an animal in order that it may make the most profit is a problem which many farmers are asking. It is known that dairy cows give milk in amounts directly in proportion to the kind of feed they receive and often the profits are cut down because a balanced ration is not maintained. To meet the requests coming from all parts of the country on profitable feeding, W. H. Palmer of the Agricultural Extension Department, Ohio State University, Columbus has prepared a handy booklet on "The Feeding of Farm Animals." It deals with feeding standard feeds, rations and digestible nutrients in a plain, concise, every-day manner. The booklet will be sent free to all requesting it and schools and granges may secure lots of from 25 to 50 by writing to Extension Service, Ohio State University, Columbus, Ohio.

Treating seed oats for smut with the formalin solution this year will save the farmers of Ohio more than \$500,000 according to the Farm Crops Department, Ohio State University. Oat smut is said to be very prevalent because of the adverse harvesting conditions last year. The seedlike spores of the smut pass the winter in the grain and when the untreated kernel sprouts in the spring, the spores begin to grow and develop a little plant within the oat plant. The dustlike spores given off by the little plant near harvest time blow to the other oat plants and infect the grain from which next year's seed must be selected. To treat oats with the formalin solution secure formalin at a drug store and mix a pint with 40 gallons of water. The oats may be sacked and dipped into a barrel of this solution until they are thoroughly soaked or they may be piled upon the barn floor and sprinkled with the solution. After the treatment they should be covered with blankets for four or five hours so that the formalin will not evaporate too quickly.

"Light is cheaper than feed and more beneficial than gallons of germicides," states Frederick W. Ives, Professor of Farm Architecture, Ohio State University, in replying to the many requests that come to him about lighting the barn properly. "Every barn should have at least four square feet of window space to each animal and in dairy barns this should be increased to six or eight square feet." Good windows

properly put in will not make the barn much colder in winter and will add to the convenience of the farmer in doing his work in the building. Often times the barn doors are left open during the winter evenings and this causes sudden changes of temperature which are harmful to the livestock within.

The value of barnyard manure varies according to the way it is treated, according to the Ohio Agricultural Experiment Station. In one test just announced in bulletin No. 286, manure that was untreated was worth \$2.60 per ton and when treated with acid phosphate at the rate of 40 pounds to the ton and kept under cover was worth \$4.80. The experiment station explains that manure is not well-balanced fertilizer for the older farm lands of Ohio and that the addition of acid phosphate should be made to obtain the highest results from the manure.

After the pruning is done, gather up and remove from the orchard all branches and twigs that have been cut off. Burn them. They afford homes for the diseases and the insects that will attack your trees if the rubbish is left on the ground. Cover the wounds with a coat of good lead paint. This helps to keep out the water and prevent diseases and decay. Spray the trees with a solution of 1 gallon commercial lime-sulphate to 9 gallons of water. Spraying just after pruning reduces the cost of applying the material as there is less brush to cover than at other times. Moreover, it is just the right season for the lime-sulphur spray.

### ABE MARTIN

Who remembers the old-fashioned beau who leaned on the gate-post and kicked a hole in the ground? A young mother kin allus furnish an alibi.

No Excuse Whatever.  
New York Man—Are you going to be at home this evening?  
New York Girl—Why should I? I feel perfectly well.—Puck.

### DOCTOR SAYS NUXATED IRON WILL INCREASE STRENGTH OF DELICATE PEOPLE 200% IN TEN DAYS

In many instances—Persons have suffered untold agony for years doctoring for nervous weakness, stomach, liver or kidney disease or some other ailment when their real trouble was lack of iron in the blood—How to tell.

New York, N. Y.—In a recent discourse Dr. E. Sauer, of the city of said New York, made an actual blood test on all people who are ill you would probably be greatly astonished at the exceedingly large number of cases of persons who are ill for no other reason than the lack of iron. The moment iron is supplied all their multitude of dangerous symptoms disappear. Without iron the blood at once loses the power to change food into living tissue and therefore nothing you eat does you any good; you don't get the strength out of it. Your blood merely passes through your system like corn through a mill with the rollers so wide apart that the mill can't grind. As a result of this lack of iron, the blood is thin and watery, the continuous blood and nerve starvation, people become generally weakened, nervous and all run down and frequently develop all sorts of ailments. One is too thin; another is burdened with unhealthy fat; some are so weak they can hardly walk; some think they have dyspepsia, kidney or liver trouble; some can't sleep at night, others are sleepy and tired all day; some fussy and irritable; some skinny and bloodless, but all lack physical power and endurance. In such cases, it is worse than foolishness to take stimulating medicines or narcotic drugs, which only whip up your fading vitality for a moment, maybe at the expense of your life later on. No matter what any one tells you, if you are not strong and well you owe to yourself to make the following test. See how long you can work or how far you can walk without becoming tired.

Next take two five-grain tablets of ordinary nuxated iron three times per day after meals for two weeks. Then test your strength again and see for yourself how much you have gained. I have seen dozens of nervous run down people who were all in the world, the time double, and even triple their strength and endurance and entirely get rid of their symptoms of dyspepsia, liver and other troubles in from ten to fourteen days' time simply by taking iron in the proper form, and this after they had in some cases been doctoring for months without obtaining any benefit. You can talk as you please about all the wonders wrought by new remedies, but when you come down to hard facts there is nothing like good iron to put color in your cheeks and good sound, healthy flesh on your bones. It is also a great nerve and stomach strengthener and the best blood builder in the world. The only trouble was that old forms of inorganic iron like tincture of iron, iron acetate, etc., often ruined people's teeth, upset their stomachs and were not assimilated and for these reasons they frequently did more harm than good. But with the discovery of the newer forms of iron, the trouble has been overcome. Nuxated iron, for example, is pleasant to take, does not injure the teeth and is almost immediately beneficial.

Note: The manufacturers of Nuxated Iron have such unbounded confidence in its potency that they authorize the announcement that they will forfeit \$100.00 to any person who can prove to them that it does not take any man or woman under sixty who lacks iron and increase their strength 200 per cent or over in four weeks' time, provided they have no serious organic trouble. Also they will refund your money in any case in which Nuxated Iron does not at least double your strength in ten days' time. It is dispensed in this city by Wm. A. Niman, Evans Cut Rate Drug Store, and all other druggists.

### 25 Year Ago

(From Advocate, Feb. 15, 1891.)  
Mrs. John Watkins and two children of Chicago, are here visiting Mrs. H. D. Corday of North Fourth street.

The board of directors of the Newark and Granville electric road say they are going to claim the rights granted in their franchise and in a very short time will be laying track along Indiana street to Cedar Hill cemetery.

Mr. C. H. Armstrong, one of the successful school teachers of Licking county, is spending a few days with his parents southeast of the city.

### 15 YEARS AGO TODAY.

(From Advocate, Feb. 15, 1901.)  
Ray Bartholomew has broken the record at ten pins. In a game at the Brunswick, Wednesday afternoon he came within two pins of rolling a perfect game of 300.

Several Newark Elks are making arrangements to attend the minstrel entertainment to be given by the Mt. Vernon lodge of Elks next Tuesday evening.

Mr. Charles A. Stribling, the architect for the Oriel building, spent the day with Mr. O. C. Jones.

### The World War a Year Ago Today—Feb. 15.

Germany officially informed the United States government that she would insist on maintaining the war zone in the English channel unless Great Britain would admit foodstuffs into Germany.

In Alsace the Germans recaptured an advanced position which they had lost on the 12th.

Great Britain seized the Wilhelmshafen grain ship and placed a prize crew on board. The vessel had sought refuge in an English port during a storm.

Mutiny of Bengalese troops at Singapore, Straits Settlements, against British officers.

### If Too Fat Get More Fresh Air

BE MODERATE IN YOUR DIET  
AND REDUCE YOUR WEIGHT  
WITH OIL OF KOREIN.

Lack of fresh air, it is said, weakens the oxygen-carrying power of the blood, the liver becomes sluggish, fat accumulates and the action of many of the vital organs is hindered thereby. The heart action becomes weak, work is an effort and the beauty of the figure is destroyed.

Fat put on by indoor life is unhealthy and if nature is not assisted in throwing it off by increasing the oxygen-carrying power of the blood, a serious case of obesity may result.

When you feel that you are getting too stout, take the matter in hand at once. Don't wait until your figure has become a joke and your health ruined through carrying around a burden of unsightly and unhealthy fat.

Spend as much time as you possibly can in the open air; breathe deeply, and get from W. A. Erman, Evans Drug Store or any druggist a box of oil of korein capsules; take one after each meal and one before retiring at night.

Weigh yourself every few days and keep up the treatment until you are down to normal. Oil of korein is absolutely harmless, is pleasant to take, helps the digestion and even a few days' treatment has been reported to show a noticeable reduction in weight.

### ASSOCIATED CHARITIES

CAMPAIGN BULLETIN NO. 5

The financial campaign for the coming year will open next Monday. The following statement shows some of the ground covered during the first year of the organization. The work for the coming year is sure to be different in many respects from that of the past, but whatever it may be, we must be prepared for our task.

The board of directors is organizing the work as carefully as possible. Their committee will give every citizen of Newark an opportunity to cooperate.

Read tomorrow's bulletin.

Financial report for first year, ending January 31, 1916:  
Receipts—Subscriptions to general fund, \$5,090.16; Municipal Christmas tree fund, \$235.93; designated relief, \$12.50. Total, \$5,338.29.  
Disbursements—Emergency relief, \$1,496.30; relief work, \$1,512.20; gardening, \$129.16; Municipal Christmas tree fund, \$235.93; designated relief, \$12.50. Total, \$3,383.09.  
Working expenses—Salaries for services, \$1,396.25; rent, (clothing department), \$45.00; janitor service, \$25.75; printing, \$38.25; office supplies, \$60.83; postage, \$17.15; collecting and office work, \$50.60; state meeting Charities and Corrections, \$15.00; miscellaneous expenses, \$51.42. Total \$1,700.25.  
Balance on hand February 1, 1916, 252.25.

Distribution of Relief Material—groceries, \$2,470.04; coal and gas, \$253.19; shoes, \$90.13; miscellaneous, \$439.60.  
WM. E. HOPKINS, Supt.

### Our Responsibility To The "Li'l Greenhorn"

What are we Americans to do about the prophetic increase of western immigrants during the past year? Heretofore two-thirds have been men and boys and only one-third girls. Today the proportion has changed and the latest government records show that little less than fifty per cent now are women. During the first year of the war 326,740 immigrants managed to find their way into America, counting only those who intend to reside permanently in the United States—one-third of a million and forty seven different races!

These women and girls are principally from the rural sections of the Old World. They do not understand city life and city ways, and because of this there is always some one waiting to exploit them, waiting to take the little money they have brought with them—which has been turned into American cash—and give them in return some petty bauble. Like any other woman the immigrant is interested in dress and the first difference that catches her eye as she trips down the gang plank and into America is the clothing of her new-found sister. Hence her first expedition out into the new world is to buy American clothes that she may not be an odd one; that she may not bear the stigma of a "li'l greenhorn." This she does in the company of some friend or relative who has been here longer than herself.

Nine years ago a Chicago University graduate, Edith Terry, (now Mrs. Harry M. Bremer, Secretary for Immigration and Foreign Community Work for the National Board of the Young Women's Christian Association) who was doing resident work at the Chicago University Settlement, came in contact with the problems and needs and the worthwhileness of the foreign people and their ambitions as she saw them in the stockyard section.

She first made a study of the industrial conditions of women, especially women organized in trade unions; assisted in the investigation of the juvenile protective work in Chicago in connection with the juvenile courts. Both these things brought her in touch with foreign families. Then came her work with the Immigration Commission of the Federal Government which offered a unique chance, not only to study the prob-

lem of immigration in the large, but to come to an intimate understanding of hundreds of families and to absorb their own point of view which Mrs. Bremer believes to be the fundamental need in all immigration work. The great trouble with American people is that they make no effort to understand foreigners.

Mrs. Bremer resigned in order to take a trip to Italy for the purpose of studying the Italian girl at home and on this trip both her camera and her sociological bump were kept constantly busy.

Returning from her trip abroad, she became social service secretary of an institutional church in New England. The National Board of the Young Women's Christian Association was then facing its responsibility to immigrant girls. They looked for a person who was a student of social problems and who had had social experience with foreign people themselves, and knowing of Mrs. Bremer's sympathy with the large ideals of this organization, because some of the student leaders had first met her at student conferences when she was in college, they asked her to undertake a study of the immigration problem in connection with the National Board. It was a pioneer work.

They first determined to find out what foreign girls needed. Mrs. Bremer did not attack her experiment with any preconceived notions, but went at it scientifically to adapt the resources of this organization to the point of view and prejudices of the foreign people themselves. It was only after this study and experiment had taken form as a workable plan, launched and successfully carried on for two years as the International Institute for Young Women, that Mrs. Bremer became the national secretary, Foreign Community and Immigration Work of the National Board of the Young Women's Christian Association for the purpose of introducing a similar work in other parts of the country.

The ideal of the International Institute plan is a more sensible, more intelligent sympathy between Americans and foreigners. It is based on the belief that to render any effective service to them as individuals is to work amongst them as a group; to really assist in the difficult aim of "assimilation," which again is mutual, amongst foreign women, must get out to where they are, meet them on their own ground of experience, consider their peculiar national characteristics, their previous environment and do for them the humanizing sort of thing they most need to have done when they first reach our opportunities for personal development.

It is called "International" because it represents a place which is inaugurated by Americans out of friendliness to women of all nationalities equally. It is called an "Institute" because it is a word known in many languages and always stands for something dignified and of an educational nature, and it represents something one may belong to. Lastly, "Young Women" had to be added to the title to convince foreign gentlemen that it did not belong to them, because the usual reaction among the men when an "Institute" is started is, "I come. My woman—she stays home."

The whole plan includes the interrelationships of all different organizations working together for the immigrant girl. It realizes the need for international co-operation and hopes eventually to be able to station specially equipped women at foreign out-going; as well as our incoming ports; also to have a follow-up system of protection after they have reached their American destination, thus forming a complete chain of protection from the home in the Old World to that in the New.

### "TIZ" FOR TIRED AND SORE FEET

Use "Tiz" for puffed-up, burning, aching, calloused feet and Corns.

Why go limping around with aching, puffed-up feet—feet so tired, chafed, sore and swollen you can hardly get your shoes on or off? Why don't you get a 25-cent box of "Tiz" from the drug store now and gladden your tortured feet?

"Tiz" makes your feet glow and draws the soreness and misery right out of feet that chafe, smart and burn. "Tiz" instantly stops pain in corns, callouses and bunions. "Tiz" is glorious for tired, aching, sore feet. No more shoe tightness—no more foot torture.

### How Famous Actresses Banish Superfluous Hair

Betty Lorraine, the popular actress who won fame in "The Little Parisienne" and other comedies writes: "Theatrical women are now using a remarkable prescription that has like magic in curing all traces of unsightly hair growths. It is Mrs. Osgood's Wonder. Unlike the electric needle, nervous, mentally sluggish, dull-eyed, it doesn't burn the skin. I used it first over a year ago and have not had a trace of superfluous hair since."

Mrs. Osgood's Wonder is quite inexpensive and is sold by J. J. Evans and other up-to-date stores. Signed Money-Back Guarantee in every package.

### The Secret of Keeping Youthful Looking

(The Beauty Seeker.)  
"The real secret of keeping young-looking and beautiful," says a well-known hygienist, "is to keep the liver and bowels normally active. Without these conditions, poisons like waste products remain in the system, polluting the blood and lodging in various organs, tissues, joints. One becomes heavy, obese, nervous, mentally sluggish, dull-eyed, wrinkled and sallow of face."

But to get liver and bowels working as they ought, without producing after-effects has been the problem. Fortunately, there is a prescription of unquestioned merit, which may now be had in convenient tablet form. Its value is due largely to an ingredient derived from the humble May apple, or its root, which has been called "vegetable calomel" because of its effectiveness—though, of course, it is not to be classed with the real calomel of mercurological origin. There is no habit-forming constituent in Santalol tablets—that's the name—and their use is not followed by weakness or exhaustion. On the contrary, they are pleasant to the relaxed intestinal tone and elasticity to the relaxed intestinal wall. Santalol tablets, which may be procured from any druggist—a dime's worth will do—will prove a revelation to any constipated, liver-troubled person."

### The Constipation Curse

Constipation—clogged bowels cause pain and sickness 95 per cent of our ill, say the authorities. Santalol Laxatives bring quick relief. All vegetable—contain no calomel. Ten doses for a dime at any druggist. Physician's sample free, upon request, if you mention this advertisement. The Santalol Remedies Co., Inc., 800 Madison Ave., Covington, Ky.

### Get the Habit of Drinking Hot Water Before Breakfast

Says we can't look or feel right with the system full of poisons.

Millions of folks bathe internally now instead of loading their system with drugs. "What's an inside bath?" you say. Well, it is guaranteed to perform miracles if you could believe these hot water enthusiasts.

There are vast numbers of men and women who, immediately upon arising in the morning, drink a glass of real hot water with a teaspoonful of limestone phosphate in it. This is a very excellent health measure. It is intended to flush the stomach, liver, kidneys and the thirty feet of intestines of the previous day's waste, sour bile and indigestible material left over in the body which if not eliminated every day, become food for the millions of bacteria which infest the bowels, the quick result is poisons and toxins which are then absorbed into the blood causing headache, bilious attacks, foul breath, bad taste, colds, stomach trouble, kidney misery, sleeplessness, impure blood and all sorts of ailments.

People who feel good one day and badly the next, but who simply can't get feeling right are urged to obtain a quarter pound of limestone phosphate at the drug store. This will cost very little but is sufficient to make anyone a real crank on the subject of internal sanitation.

Just as soap and hot water act on the skin, cleansing, sweetening and freshening, so limestone phosphate and hot water act on the stomach, liver, kidneys and bowels. It is vastly more important to bathe on the inside than on the outside, because the skin pores do not absorb impurities into the blood, while the bowel pores do.

### NOSE CLOGGED FROM A COLD OR CATARRH

Apply Cream in Nostrils To  
Open Up Air Passages.

Ah! What relief! Your clogged nostrils open right up, the air passages of your head are clear and you can breathe freely. No more hawking, snuffing, mucous discharge, headache, dizziness—no struggling for breath at night, your cold or catarrh is gone.

Don't stay stuffed up! Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic cream in your nostrils, let it penetrate through every air passage of the head, soothe and heal the swollen, inflamed mucous membrane, giving you instant relief. Ely's Cream Balm is just what every cold and catarrh sufferer has been seeking. It's just splendid.

## BEST LIVER AND BOWELL LAXATIVE FOR FAMILY USE

"CASCARETS" REGULATE WOMEN, MEN AND CHILDREN WITHOUT INJURY.

TAKE WHEN BILIOUS, HEAD-ACHY, BAD BREATH, SOUR STOMACH.

Instead of nasty, harsh pills, salts, castor oil or dangerous calomel, why don't you keep Cascarets handy in your home? Cascarets act on the liver and thirty feet of bowels so gently you don't realize you have taken a cathartic, but they act thoroughly and can be depended upon to open a good liver and bowel cleansing is necessary—they move the bile and poison from the bowels without griping and sweeten the stomach. You eat one or two at night like candy and you wake up feeling fine, the headache, biliousness, bad breath, coated tongue, sour stomach, constipation, or bad cold disappears. Mothers should give cross, sick, feverish or bilious children a whole Cascaret any time—they are harmless and safe for the little folks.

## SCHOOL ARTS RECOGNIZES NEWARK WORK

A pleasing recognition of the work of our public schools came a short time ago when thirteen special prizes were awarded to as many boys and girls of the grade schools of Newark by Henry Turner Bailey, editor of School Arts Magazine, a Boston publication, and one of the leading educational journals of the country. The work consisted of drawings and paper cuttings selected from Newark's state exhibit at Cedar Point last June. Some of it will appear in School Arts Magazine in the near future.

The prizes were six badges and cards of membership in School Arts Guild, and seven pins with honorable mention of work.

The following pupils were recipients of Mr. Bailey's favor:

Badge of Membership in School Arts Guild: Mary Rosborough, 7th grade, East Main street school; Edith Catlin, 7th grade, East Main street school; Beatrice Schreffler, 8th grade, Central school; David Macdonald, 4th grade, Central school; Clyde Coulter, 4th grade, North Fourth street school; Kenneth Krieder, 4th grade, Maholm street school.

Honorable Mention Pins—Third grade, Hartzler school; third grade, Maholm street school; Mike Miccu, first grade, Riverside school; Irene Ellington, second grade, Riverside school; Catherine Rogers, fourth grade, North Fourth street school.

Two of a Kind.  
Nodd—Thank heavens, my wife doesn't know where I was last night.  
Todd—Do you?—Life.

## There's Nothing as Good for Corns as G-E-T-S-I-I-T

Refuse All and Any Imitations. Don't let anyone tell you there is anything else as good for corns as "G-E-T-S-I-I-T". Some may try to shove an imitation on to you, with a name that sounds like "G-E-T-S-I-I-T" and meant to deceive you. Reliable druggists won't do it.

"Why, O Why, Did I Do It? 'G-E-T-S-I-I-T' for Me After This—If I Live!"  
"Glad to meet you!" says the razor to the corn. "I'll bleed for you!" says the corn to the razor. Razors and corns love each other. Corns love to be cut, picked, gouged, salved, plastered and jerked out; they grow faster. Mr. and Mrs. Westcott tell us it's now—they use "G-E-T-S-I-I-T" instead—it's the wonderful, simple corn-cure that never hurts! Stops pain. You apply it in 2 seconds, it dries at once, the corn is doomed. Nothing to stick to the stocking or press on the corn. It means good night to plasters, salves, diggers, razors and toe-binding. You can wear smaller shoes. Your corns will come right off, "clean as a whistle." Never inflames healthy flesh. It's the world's biggest selling corn cure. If you don't get "G-E-T-S-I-I-T" when you ask for it, it's your own fault and your own loss.  
"G-E-T-S-I-I-T" is sold by druggists everywhere, 25c a bottle, or sent direct by E. Lawrence & Co., Chicago, Ill. Sold in Newark and recommended as the world's best corn remedy by T. J. Evans and W. A. Eganman.

## A LICKING COUNTY MAN'S PROGRESS IN AGRICULTURAL FIELD

Dillon S. Myer, son of J. H. Myer, of Hebron, is rapidly forging to the front in the agricultural field. For some time past he has been instructor of crops and soils and connected with the experiment station at the State University of Kentucky.

His work in the agricultural line at the Kentucky University attracted the attention of persons interested in agricultural work, which resulted in a position being offered him by the people of Vanderburg

DILLON S. MYER.

county, Indiana. On February 1, he resigned his position with the University of Kentucky and accepted the position as County Agricultural Agent of Vanderburg county, Indiana, with headquarters at Evansville.

He will begin his duties the first of March, but at present is visiting agents in other states. Mr. Myer has been connected with the university for two years and was offered a substantial raise in salary to remain, but he felt that it was not enough to justify him to remain. He expects in the near future to settle down to farm life but hopes to be more than an ordinary farmer.

Purdue University has his work in charge but it is in the way of co-operation with the Hebron High School and Ohio State University.

## SAYS DRINK LEMONADE FOR RHEUMATISM

Wear Warm Clothes in Winter and Take One-half Teaspoonful of Rheuma Once a Day To Drive Rheumatic Poisons from Your System.

Sufferers can get a measure of relief by keeping the feet dry, drinking plenty of lemonade and avoiding alcoholic beverages, but if you really want to get rid of rheumatism with all its agony, pain and misery you must drive from your system every bit of poisonous secretions that lodge in the joints and muscles. T. J. Evans and all druggists are now offering to the public for about 50 cents a prescription called Rheuma that is so powerful that within two days after you take the first dose you will feel that the uric acid poison is leaving your body.

Rheuma seldom fails; it overcomes the torturing pain, limbers up and reduces stiff, swollen joints and drives the soreness from inflamed muscles. Anybody can try it, for it is free from opiates and is harmless. If two 50-cent bottles don't prove that you can get rid of rheumatism or neuritis forever, your money is waiting at your druggist's.

## EVANGELIST TALKS UPON "GENESIS" AT WEST SIDE REVIVAL

A splendid Monday audience heard Evangelist McDonald's sermon on the book of Genesis, last night at West Side Church of Christ. A 15 minute Bible study will be given each evening in the first part of the meeting. Everyone is requested to read the book of John during the meeting by reading one chapter each day, thirty-two people read the first chapter yesterday. The evangelist requests every one who reads this notice to read the second chapter of John today and the third tomorrow. All who cannot attend the meetings are invited to read with those who attend. The evangelist said in part:

"The book of Genesis covers 2500 years of history, while the rest of the Bible covers but 1600 years. There are four great characters in the book, namely, Adam, Abraham, Jacob, Joseph. Adam is a type of sin, Abraham the man of faith, Jacob the man of repentance, and Joseph represents the one saved to serve or salvation.

"Sin brings fear and shame, sadness and sorrow. It comes by believing, accepting, and obeying a lie. That is the way Adam and Eve sinned. Salvation comes by believing the truth, accepting and obeying the Truth. Sin always brings sadness and sorrow. Obedience brings joy and peace. Adam tried to cover his shame with fig leaves of his own device but God killed an animal and made them clothing. It took the shedding of blood to hide shame. So it takes Christ's blood to cover our sin so we can stand in His presence, saved."

Abraham believed in God and followed His leading. That is Faith. Jacob had to be willing to rest, and submit before he could have the blessing that follows repentance. Submission and Restoration are a part of true repentance. It takes a night of wrestling oftentimes before we are willing to submit to His guid-

# CLEARAWAY SALE

## Walk-Over Shoes For Men and Women

### Sale Begins 9 a. m. Wednesday

To keep our stock always new, we must sell this winter's new models this season; so we have smashed prices until they are ridiculously low for such desirable shoes. We are offering many styles, especially in women's shoes, at prices that are only one-half, one-third, or even one-fifth of original price.

## Women's

Prices Cut to  
\$3.50 to \$6.00 Walk-Over Boots, fully eighty styles, including the new heels, both high and low, and the new top patterns, both high and low  
**\$1.00 \$2.95**  
**\$3.95 \$1.95**

## A Partial List--Fifteen of the Eighty Styles of Women's Walk-Over Shoes That Are to Be Sacrificed at This Sale

\$4.50 Glove-fitting Gypsy Boots	<b>\$2.95</b>	\$3.00 Black Satin Pumps, low heels	<b>\$1.00</b>

Big Display in Our Windows. Pick Out Your Styles the Soonest Possible Then Come in and Be Fitted.

ance. Joseph, like Christ, was sold by his brethren, placed in prison but was exalted to the throne. Saved to save others."

MacDonaldisms.  
Sin began in a garden, not in the slums.

You can almost hear the hiss of the serpent in the word sin. It means sorrow and sadness. Sin is another word for selfishness. Sin drives the garden spots out of peoples lives.

If you don't kill your sin it will kill you.

You may fool your friends but you can never fool God.

God wants everyone to be saved, but no one can be saved without God.

To live forever with an accusing, hurting conscience would be hell.

Announcements.  
Subject tonight—"From Tent to the Mayor's Chair." All invited. Solo by Mr. Jett of Marietta each evening. Music by chorus choir. Read second chapter of John today.

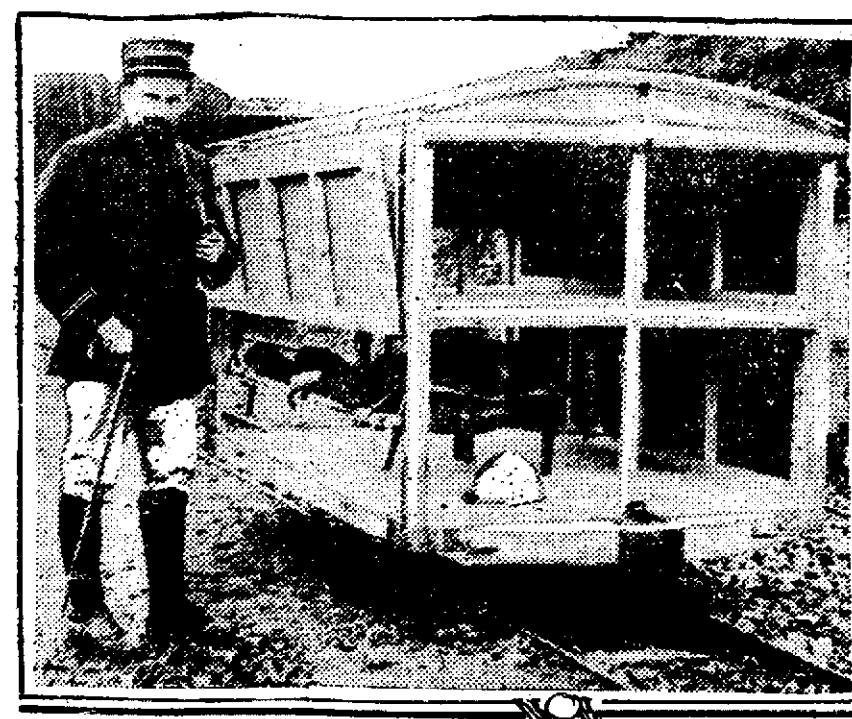

## TO MAKE YOUR HAIR LOOK NATURALLY CURLY

If millions of the straight, lank hair will adopt the simple silmerine method she will have as pretty wavy tresses as she could wish to own. The curliness will look so natural, and the hair so beautifully soft and glossy. Quite different from the obviously artificial curls and the parched, dead appearance of the hair produced by the heated iron.

Liquid silmerine can of course be obtained at any drug store and a few ounces will keep the hair in curl for many weeks. Being perfectly harmless and neither sticky nor greasy, no one need have the least hesitancy in using it. It is best applied with a clean tooth brush, drawing this through the hair from crown to tip just before retiring. The effect next morning will be all that any one could desire.—Advertisement.

WHEELING GAS SHORTAGE.  
(Associated Press Telegram)  
Wheeling, W. Va., Feb. 15.—Wheeling is experiencing the most serious gas shortage in the city's history. Nearly every manufacturing plant in this district was forced to suspend operations yesterday and more than 30,000 men are idle. The extreme cold has caused much suffering.

## "BEE-HIVE" CAR USED IN TRANSPORTING WOUNDED FROM FIELD TO THE HOSPITAL

"Bee-hive" car for transporting wounded.

For the expedient handling of seriously wounded soldiers whom it is necessary to rush to the field hospital with the utmost dispatch, there has been built a "bee-hive" carriage in which four wounded soldiers may at one time be taken to the field hospital. The light car is mounted on a railroad truck.

Agents Like to Have Their Customers Borrow Money From

1. The Buckeye State Building and Loan company, Rankin building, 22 West Gay street, Columbus, Ohio.
2. For the reasons
3. That the Buckeye is prompt in appraisements.
4. And gives good terms to borrowers.
5. When the security is sufficient.
6. The Buckeye loans only on first mortgage on homes and farms.
7. Assets over \$10,000,000. Five per cent paid on time deposits.

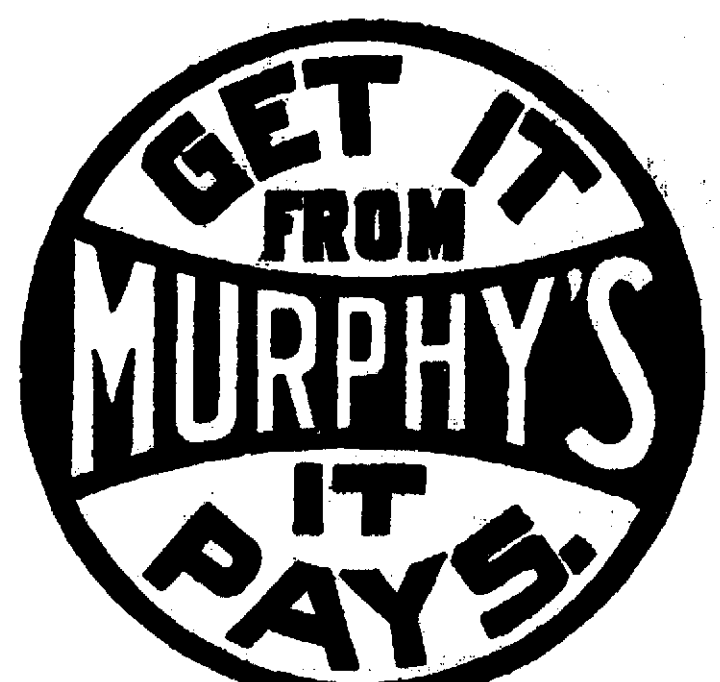

## DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Thee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through sieve and drink a teacup full at any time. It is the most effective way to break a cold and cure grip, as it opens the pores, relieving congestion. Also loosens the bowels, thus breaking a cold at once. It is inexpensive and entirely vegetable, therefore harmless.

It's the little things that count, the ifs and buts, for instance.

Aged Woman Injured.

Mrs. Sarah Crown, aged 84, of  
 near Nashport, fell and broke her  
 hip when she slipped on the ice at  
 her home Sunday. Because of her  
 advanced age, it is feared her in-  
 jury may prove fatal.

Test New Machine.

The Sparta confectionary store in  
 West Park Place is testing a new  
 chocolate dipping machine with a  
 view of installing the same should it  
 prove satisfactory. The new machine  
 will do away with hand dipping and  
 is represented to be capable of dip-  
 ping one thousand pounds of choco-  
 late a day.

Where Is Irving Dutcher?

The Advocate received a letter  
 from Earl Wilkie, 175 West Huron  
 street, Buffalo, N. Y., this morning  
 inquiring the whereabouts of his  
 uncle, Irving Dutcher who left Buf-  
 falo last August and who is believed  
 to be in central Ohio. Mr. Dutcher  
 was in Ohio during the month of  
 January. His wife is now seriously  
 ill in Buffalo and is begging for her  
 husband's return.

Two Drunks Fined.

Two drunks arrested yesterday  
 were arraigned before Mayor Big-  
 bee this morning and fines of \$5  
 and costs were assessed.

Repairs Completed.

Repairs on the pumps at the water  
 works pumping station, made nec-  
 essary when a quantity of sand was  
 sucked into the machines, have been  
 about completed. The trouble for a  
 time threatened to seriously handi-  
 cap the station in its effort to pro-  
 vide adequate water supply.

Some Water Bill.

The water works department to-

day caused to be discontinued.  
 water service to a customer where it  
 was found that water was being  
 wasted through a half inch pipe, the  
 water being allowed to flow unre-  
 strained. It is estimated that more  
 than \$700 worth of water per year  
 was being wasted in this manner.

Completing Improvements.

Improvements on the room at 8  
 North Park Place which is to be oc-  
 cupied by Mr. Frank Deininger and  
 Mr. John Wintermute are nearing  
 completion and a formal opening  
 will soon be held. Mr. Deininger is  
 known as "Frank, The Hatter" and  
 he will make a specialty of \$2.00  
 hats, while Mr. Wintermute will  
 continue the tailoring business. The  
 room will be up to date in every  
 respect, and will be made unusually  
 attractive.

Mass Meeting Tonight.

There will be a mass meeting at  
 the First Presbyterian church this  
 evening at 7:30 o'clock. Miss Jennie  
 Smith will be the principal speaker.  
 The mass meeting is under the  
 auspices of the W. C. T. U.

Woman's Guild.

The Ninth Division Ladies of the  
 Woman's Guild of the First M. E.  
 church will be entertained at the  
 home of Mrs. J. F. Loughman, 186  
 Hoover street, Wednesday afternoon.  
 A full attendance is desired.

Dr. Jackson Moves Office.

Dr. W. L. Jackson is moving his  
 office from North Sixth street into  
 the Lansing block.

Interesting Window Display.

An interesting telephone exhibit  
 arranged by the Newark Telephone  
 company may be seen in A. L. Nor-  
 ton's book store show window in  
 the Arcade. The display illustrates  
 the equipment and operation of the  
 telephone system, contrasting the old  
 manual service with the new au-  
 tomatic, and is worth seeing.

Supper and Debate.

Resolved that the American peo-  
 ple should support an aggressive  
 policy of military preparedness and  
 naval expansion; affirmative E. S.  
 Randolph, Henry Miller; negative,  
 Wilson Hawkins, Frank L. Johnson.  
 The debate will take place Thurs-  
 day evening, Feb. 17, at Plymouth  
 Congregational church. A supper  
 will precede the debate.

Mock Trial Enjoyed.

A large crowd assembled in the  
 Knights of Columbus room in West  
 Main street on Monday night when  
 open house was held. The hours  
 were delightfully spent and much  
 mirth was provoked by the presen-  
 tation of a mock trial under the di-  
 rection of Mr. Jack Martin. The  
 case was tried before a jury, with a  
 number of attorneys sitting in, and  
 was for a divorce. The whole was  
 costumed and was well presented.

Here's New Vigor For  
 Overworked Stomachs

T. J. Evans, the popular druggist,  
 has been in the drug business long  
 enough to have his own opinion of  
 the best selling medicines. He says  
 the plan adopted by Mi-o-na, the  
 great dyspepsia remedy, is the fair-  
 est he has ever heard of. He doesn't  
 believe that a medicine ought to be  
 paid for unless it does the user some  
 good. And Mi-o-na is sold under a  
 positive guarantee to relieve dyspep-  
 sia or to refund the money. You  
 simply leave 50 cents on deposit  
 with him, and if, after you have  
 used the box of Mi-o-na you decide  
 that it has done you no good, all  
 you have to do is to tell him so and  
 he will return your money.

Hundreds of people have been re-  
 lieved of stomach agonies by using  
 this remarkable remedy. It is not  
 simply a food digester; it is a medi-  
 cine that puts all of the digestive  
 organs into normal condition and  
 gives ruddy, flowing, vigorous  
 health. A change for the better will  
 be seen after the first few doses of  
 Mi-o-na, and its continued use will  
 soon give the power to eat anything  
 at any time and not suffer distress  
 afterward.

Mi-o-na is sold under a positive  
 guarantee to refund the money if  
 it does not cure. This is the  
 strongest proof that can be offered  
 as to the merit of the medicine.

Nothing lessens a man's success in  
 his work or a woman's fascinating  
 personality more than a weak stom-  
 ach, with its attending evils. Use  
 Mi-o-na and see how much more  
 there is in life.

OWNERSHIP

OF PUBLIC UTILITIES BY GOV-  
 ERNMENT, FAVORED IN  
 REPORT.

Of Senate Committee Which Directs  
 Inquiry as to Advisability of  
 Such Course.

(ASSOCIATED PRESS TELEGRAM)

Washington, Feb. 15.—By a vote  
 of 39 to 23, the senate today went  
 on record as favoring congressional  
 inquiry into the advisability of gov-  
 ernment ownership of public utilities  
 as against government regulation  
 and control. It adopted such an  
 amendment proposed by Senator  
 Borah to Senator Newlands resolu-  
 tion to direct special inquiry into  
 adequacy of railroad legislation and  
 the interstate commerce commission.

After adopting the amendment the  
 senate could not pass on the resolu-  
 tion itself because the hour for mor-  
 ning business had expired and Sen-  
 ator Gallinger, Republican, insisted  
 on the regular order. The vote on  
 the Borah amendment remained,  
 however, as an indication of the  
 temper of a majority of the senate  
 on a question of wide discussion.

Senator Newlands introduced his  
 resolution after the president had  
 referred the subject in his annual  
 address to congress. He will call  
 up the amended resolution for a  
 vote tomorrow.

50c Men's Underwear, 38c. Hub.

There is an unquestionable record  
 of hearing the firing at Ypres at a  
 distance of 140 miles and a some-  
 what doubtful one of 150 miles.

STUDENT ADMITS  
BUYING BOTTLE  
AT MADISON, WIS.

(ASSOCIATED PRESS TELEGRAM)

Chicago, Feb. 15.—Will H. Orpet,  
 the University of Wisconsin student,  
 accused of poisoning his former  
 sweetheart, Marian Frances Lambert,  
 whose frozen body was found in a  
 woods near her Lake Forest home,  
 today admitted that he had pur-  
 chased an empty bottle in a Madison,  
 Wis., drug store just before he  
 secretly left Madison for his last  
 visit to the girl according to states  
 attorney Dady.

In the opinion of the state prosecu-  
 tor, the admission strengthens the  
 case against Orpet, who yesterday  
 repeatedly denied that he had bought  
 a bottle full or empty.

The states attorney said he be-  
 lieved that the empty bottle bought  
 in Madison, would prove to be the  
 missing container for which search  
 has been made.

Search for the bottle in which  
 was carried the poison that caused  
 the death of Marian Frances Lam-  
 bert, Lake Forest high school girl,  
 was continued today by detectives  
 who are endeavoring to establish a  
 connection between the girl's death  
 last Wednesday and the mysterious  
 absence of William H. Orpet, Uni-  
 versity of Wisconsin student.

The assertion by the police that a  
 drug clerk in Madison admitted he  
 sold Orpet an empty bottle and the  
 finding of poison crystals in an ash  
 heap in the cellar of the Orpet home  
 are the principal developments of  
 the past forty-eight hours in the  
 Lake Forest mystery.

A gardener of the McCormick  
 estate of which Orpet's father is  
 caretaker is said to have admitted  
 putting the poison in the ash-heap.  
 This was explained by the elder  
 Orpet by the statement that the  
 poison had been used to kill insects  
 on shrubbery and that its inferior  
 quality had rendered it useless.

States Attorney Dady of Lake  
 county, said today he regarded the  
 discovery of the poison and the clerk  
 who sold the bottle as the last link  
 in the chain of circumstantial evi-  
 dence by which he expects to convict  
 Orpet and said today he was ready  
 to present his evidence to the cor-  
 ner's jury. Orpet continues to reiter-  
 ate his innocence.

SUFFRAGE

FOR WOMEN NOT TO BE CONSID-  
 ERED AT PRESENT SESSION  
 OF CONGRESS

Susan B. Anthony Amendment Post-  
 poned—Prohibition Legislation  
 May Be Enacted.

(ASSOCIATED PRESS TELEGRAM)

Washington, Feb. 15.—Prohibition  
 amendments to the constitution but  
 not woman suffrage amendments  
 will be considered at this session of  
 congress. The house judiciary com-  
 mittee today postponed considering  
 the Susan B. Anthony amendment  
 until next December. Proposals to  
 postpone prohibition were lost on a  
 tie vote.

Consideration of all suffrage propo-  
 sals was included in the decision to  
 postpone the Susan B. Anthony  
 amendment. The Webb prohibition  
 amendment which it was decided to  
 take up is practically the same as  
 the Hobson amendment which failed  
 last session in the house.

The suffrage vote, chairman Webb  
 said, showed a "substantial" majori-  
 ty in favor of postponement. None  
 of the members wanted to disclose  
 how the committee voted, but it was  
 admitted that representatives Moss  
 of West Virginia, Dyer of Missouri,  
 Morgan of Oklahoma, Neeley of  
 West Virginia, and Danforth of  
 New York, were absent.

Suffragists at once began a cam-  
 paign for a reconsideration of the  
 committee vote.

THREE FIRES IN  
 CLEVELAND ROUT  
 300 FROM BEDS

(ASSOCIATED PRESS TELEGRAM)

Cleveland, Feb. 15.—Three fires  
 here early today caused the injury  
 of two men and \$40,000 property  
 loss. Three hundred persons were  
 rescued from their beds when flames  
 destroyed two garages of two stories  
 each belonging to Mrs. George Har-  
 vey and C. M. Wilcox. Three of  
 eight automobiles were burned and  
 a dog cremated. Ben and Jake Klein  
 were badly burned trying to exting-  
 uish a blaze in their homes. The  
 four story building of the Loeblich &  
 Dietzel Upholstery Co. was destroyed,  
 with its contents. A dog belonging  
 to the watchman gave the alarm and  
 then dashed into the building and  
 was burned to death.

NEWARK R. F. D. 7

Mr. Charles Miller and Miss Tillia  
 McLaughlin were married Saturday  
 by Rev. Cox at his home in East Main  
 street. They were accompanied by  
 Mr. and Mrs. John Miller, Mr. Miller  
 being a brother of the groom. Their  
 many friends wish them a long and  
 happy life.

Mr. Wm. Hampton and son Everett  
 of Goshen spent Saturday and Sunday  
 with Mr. and Mrs. Clara Fisk.

Mrs. Anna Harris and Mrs. Eura Biggs  
 and son Albert visited Wednesday with  
 Mrs. Minnie Layman and family.

Mr. and Mrs. Edna Miller and Mr.  
 and Mrs. Charles Miller spent Sunday  
 with their mother Mrs. Anna Miller.

Mr. and Mrs. Evelyn Layman and  
 children Helen and Mary called on Mr.  
 and Mrs. Charles Fisk Wednesday eve-  
 ning.

"Shocked into speech" was the  
 word at a recent banquet of electric-  
 al engineers at San Francisco, the  
 toastmaster having attached to the  
 chairs of speakers a little device  
 which caused them, when he pushed  
 a button, to arise "promptly and  
 with great enthusiasm."

REGULAR MEETING  
OF SCHOOL BOARD  
ON MONDAY NIGHT

The regular meeting of the New-  
 ark Board of Education was held in  
 the clerk's office at the High  
 School last night instead of today  
 the regular date. The meeting was  
 moved ahead a day to accommodate  
 several members of the board who  
 were unable to be present tonight.  
 There was a full attendance of the  
 members when President W. E. Miller  
 called the meeting to order.

The monthly bills aggregating  
 \$135.02 were presented and allow-  
 ed. The board granted Superintendent  
 Wilson Hawkins one week's  
 leave of absence to attend the national  
 meeting of the School Superintend-  
 ents, held in Detroit next week.

The board ordered purchased for  
 the High School library thirty-two  
 volumes of American history, known  
 as the "Great Statesmen Series."

Traut Officer F. G. Handle sub-  
 mitted a brief report of the repairs  
 made at the various school buildings  
 during the past two weeks.

A resolution presented by W. C.  
 Christian was passed unanimously  
 by the board granting permission of  
 the High School auditorium to be used  
 by the Women's Clubs or any other  
 organization in the city that wants  
 to give a benefit entertainment for  
 the Public Library to any organiza-  
 tion, free of charge.

Permission was granted the  
 Daughters of American Revolution  
 to hold their children's entertain-  
 ment in the auditorium for the ben-  
 efit of the Public Library, Friday,  
 February 25.

A discussion was indulged in by  
 several members of the board re-  
 garding the duties of the janitors of  
 the various buildings. It is the per-  
 sistent idea of the board that the  
 janitors should keep the buildings in  
 the best condition possible, and that  
 they shall be careful in the use of  
 water, fuel and electricity.

A resolution granting permission  
 for the use of the auditorium for  
 public purposes especially a religious  
 and temperance nature, was laid  
 aside and action deferred until the  
 next meeting.

MISSISSIPPI  
 LEVEES BROKE;  
 GREAT DAMAGE

(ASSOCIATED PRESS TELEGRAM)

Natchez, Miss., Feb. 15.—Two  
 breaks in the Mississippi levee about  
 25 miles above St. Joseph, La., and  
 six miles from New Orleans, on the  
 Louisiana side, were reported here  
 to have occurred today. A large vol-  
 ume of water which would flood  
 Tensas, Concordia, Franklin, Cata-  
 houla and possibly Madison parishes  
 in Louisiana, was said to be rushing  
 through the breaks.

BREAK AT MEMPHIS.

(ASSOCIATED PRESS TELEGRAM)

Memphis, Tenn., Feb. 15.—A long  
 distance telephone message received  
 here from Natchez, Miss., says the  
 main levee, 35 miles below that city  
 broke early today. The water from  
 this break will flood a large area of  
 rich farming land.

Greenheart wood from British  
 Guiana is said to outlast iron or  
 steel when used under water.

## OPENING

OF STATE Y. M. C. A. CONVENTION IN NEWARK WILL BE FEBRUARY 23.

State Secretary of County Work Now in City Making Preliminary Arrangements.

T. B. Lanham, State Secretary of County Y. M. C. A. work arrived in Newark this morning and will take personal charge of the preparations for the holding of the Forty-Second State Convention of Ohio Young Men's Christian Associations, here February 23 and 24. The day sessions will be held in the First Presbyterian church.

There will be two hundred delegates in attendance and the convention will be self entertaining. I. e., none of the members of the association will be asked to care for the visitors and if they do they will be paid. The convention will be for business men and the theme will be "The Ohio Boy." The business men of Newark are cordially invited to attend.

Thirty-six cities will send representatives of the business men's associations; sixteen railroad associations will be represented and six county associations will send representatives. The program as arranged will be entertaining as well as educational.

The convention will open Wednesday afternoon, February 23 at 2:30 o'clock, with the first session in the First Presbyterian church. A temporary organization will be formed, followed by devotionals by Percy B. Williams of Toledo, and then a permanent organization will be effected.

This session will be devoted to a discussion of "the greatest unmet needs of the city boy from twelve to twenty-one years of age." This discussion will be led by R. A. Longman, Cincinnati, a Director of the Ohio State Conference on Dependent Children.

On Wednesday evening there will be a banquet in the K of P. hall at which time there will be addresses by a number of well known speakers.

## Granville

(Special to The Advocate) Granville, Ohio, February 15.—One of the most notable of the club functions held in Granville in years was the observance of guest day by the Travelers on Monday afternoon, February 14, also known as St. Valentine's day—and this patron saint was also prettily featured in the many dainty appointments. The guest of honor on this occasion was Mrs. Ernest Johnson of Newark, who is vice president of the southeast district of the Ohio Federation of Women's club. The first half hour was devoted to the reception of the guests and to a general interchange of greetings among the 120 women assembled. The large swing black board was artistically decorated with these cabalistic letters—"Ex-Trap"—from our Alma—"max," and every day in February bore some sentiment, wise or witty, to commemorate it. The meeting was called at 2:30 o'clock by the president, Mrs. M. E. Stickney, who in a gracefully phrased introductory speech called attention to the fact that the carnation is the birth stone, the carnation the flower ascribed to February, and the red carnation the official flower of the Travelers' club, which furnished the floral decorations for the large room. Mrs. Johnson was then introduced to the audience in Mrs. Stickney's happiest manner and was called upon to address the women on the business of the Ohio Federation and especially of that of the southeast district. Mrs. Johnson's talk was informal but interesting and absorbing and her charming personality made a most pleasing impression on her audience. At the conclusion of her remarks the president announced a series of moving pictures to be enacted in illustration of twenty-nine feature films or of well known books. She herself held the correct answer to

## EXPLAINS WHY MEN ARE GROWING BALD

Thousands of men are growing bald every day and don't know the reason why. Many of them never expect to save even what hair is left.

This is indeed a pity, says a specialist because baldness usually comes from carelessness and anyone who gives the scalp a little attention should always have an abundance of good healthy hair. Dust and dirt help to cause baldness by clogging the pores in the scalp and giving the dandruff germs fertile ground for breeding.

The treatment is very simple: Shampoo at least once in ten days and destroy the dandruff germs by applying frequently Parisian Sage, a delightfully efficient preparation that W. A. Erman is now recommending as the surest treatment to stop falling hair, to remove dandruff and to refresh and invigorate the hair roots.

The cost of a generous bottle of Parisian Sage is very little and druggists everywhere have been authorized to offer it with guarantee of perfect satisfaction or money refunded.
